As the nation's largest teachers college,<sup>1</sup> with more than 88,000 alumni, WGU is a champion of next-generation teaching, learning, and leading. Our licensure-level programs at the licensure level are accredited by AAQEP and CAEP and prepare you for licensure in state.

- **Cost-effective, flat-rate tuition.** WGU charges tuition per six-month term, not per credit, which means you can take more classes and not pay extra. Plus, generous scholarships make earning your degree even more affordable.
- **Support from the start.** As soon as you enroll, you'll have a Program Mentor to support you through every step of your journey. Your mentor's focus is on you—your program, your path, your goals.
- **Flexible learning for faster progress.** Earn your degree on your schedule. Complete most courses as soon as you can prove mastery of the material, rather than advancing only when the semester or term ends. In fact, the average time to earn a bachelor's education degree at WGU is under 3.5 years!<sup>2</sup>

**Now's the time to get started toward your dream of making a difference in the classroom. Apply free during American Education Week: November 13–17, 2023.**
