Nova Net Courseware:

To support our diverse population of learners, Newport News Public Schools offers Nova Net distance learning district-wide in a variety of places and schedules. Now, students, parents, counselors and administrators have another option available to support students who need credit recovery, those who are preparing for state and standardized tests, and those who wish to increase their level of comprehension within the content areas. This option is the Nova Net Courseware program.

The Nova Net Courseware program can also be tailored to support both instructors and students who participate in homebound instruction or to support students who incur in-school suspensions.

Available Courses:

The following courses are available through this program:

- Algebra 1 and 2 (A&B)
- Biology (A&B)
- Chemistry (A&B)
- Earth Science (A&B)
- Ecology (A)
- Economics (A&B)
- English (9-12) (A&B)
- Geography (A&B)
- Geometry (A&B)
- Government (A&B)
- Health 1
- Physics (A&B)
- US History (A&B)
- World History (A&B)

"Quick Facts" on NNPS Nova Net:

Every High School in Newport News:
- Offers Nova NET for Credit Recovery
  - During the instructional day
  - Afterschool two days a week (8th period)

Other Programs:
- "Nova Nights" – evening program for adult students who want to come back and finish their graduation requirements
- Evening/Weekend Coursework – for NNPS students who do not have room in their schedules, but need to recover credits

Goals:
- Earn .5 credit in a nine week period or less
- Recover courses from previous semester / year
- Earn credit to advance to next grade level

Criteria for Success:
- Self motivation to complete work independently (without teacher directed instruction)
- Desire to do complete work based on assessments and on-line lessons
- Willingness to commit to terms of a contract

Access:
- Guidance counselors in each school make referrals; see your counselor to schedule a Nova Net Course

Contacts:
For more information on the Nova Net program, contact the NNPS division facilitator, Beth Spivak by email (just click on her name) or by calling 757-591-4971 ext. 28136.
