Behind The Wheel
Learning Targets

By the end of this two week range/road session, the student:

• will be able to demonstrate the management of time, space, and visibility on the road and driver education range

• will be able to explain how the driving environment is always changing.

• will be able to safely control a vehicle in real-life situations that occur on the road.

• will be able to demonstrate how to keep a vehicle balanced through precise steering, braking, and accelerating.

• will be able to demonstrate how to drive on residential streets, open roads, bridges, tunnels, and interstate highways in a safe and productive way.

• will be able to demonstrate the use of defensive driving skills to avoid crashes.
DRIVING: THE MOST HAZARDOUS TASK MOST PEOPLE WILL EVER PERFORM
