Job Description

Job Title: Webmaster
(Coordinator II)

Supervisor: Director of Public Information and Community Involvement

Position Code: 1E15, AE15

Pay Grade: 42

Contract Length: 245 Days

Job Classification: Exempt

Job Summary
Position is responsible for planning, developing, and managing the school division’s Intranet and Internet web sites to effectively present the school division’s message. Position uses Internet and scripting languages and creates graphical designs. Position works closely with all support departments and provides guidance, training, and assistance to school-based personnel who maintain or build school-specific websites. Position defines the standards for website appearance, structure and content aging.

Essential Duties

1. Develops and implements a plan to meet the long term needs for presenting the school division’s message on the Internet.
2. Consults with departments to clarify and assess their web site development needs and goals.
3. Defines the standards for web site structure, appearance, graphics, and content aging.
4. Develops the technical architecture of web site(s) including scripting, database design, and user interface design, and builds tables, frames, and forms.
5. Utilizes web-authoring tools to create web pages and programs and codes the HTML behind web pages.
6. Conceptualizes the graphical interface of the division’s websites and utilizes software tools to integrate graphical concepts.
7. Ensures the integrity of all code and links.
8. Refreshes website content to ensure accuracy and timeliness of information and images.
9. Researches and writes new sections and features of the web site.
10. Gathers feedback from management and users regarding the division’s websites and makes appropriate modifications and enhancements to attract repeat users.
11. Trains and assists school-based web page developers.
12. Analyzes traffic to the websites and recommends any necessary programming changes.
13. Disseminates information to school division staff regarding the division’s Internet and Intranet sites.
14. Coordinates with the Network Engineer to maintain backup/disaster recovery procedures.
15. Answers, or forwards to appropriate departments, any website-related e-mail questions from users.
16. Researches new tools for managing websites and integrates new technologies as appropriate.
17. Models nondiscriminatory practices in all activities.

Other Duties

1. Performs any other related duties as assigned by the Community Involvement Director or other appropriate administrator.

Minimum Qualifications:
Bachelor’s degree in computer science, information technology, graphics communication, or a related field and considerable experience with website design and maintenance; or any equivalent combination of education and experience that would provide the noted knowledge, skills, and abilities. Extensive experience with website design and maintenance may substitute for college degree. Must possess experience with HTML, complex tables, frames, and multiple web development programs. Experience with, and the ability to utilize, Java, JavaScript, CGI, Perl, C++, or Visual Basic preferred. Must possess an advanced working knowledge of current web technologies and programming. Must possess the ability to convert existing data to web format. Must possess the ability to produce interactive browser-enabled databases. Must possess the ability to manage several projects simultaneously. Must possess excellent creativity and graphic design
skills and the ability to turn artistic concepts into functioning web pages. Must possess excellent communication, customer service, and organizational skills.
