The mission of Newport News Public Schools is to provide a quality education that encourages every student to realize his or her full potential. Listed below are some initiatives and achievements during the first half of the school year that illustrate the school division’s mission in action.

### Outstanding Schools

- Thirty-four Newport News schools are fully accredited by the state of Virginia, an increase from one accredited school in the year 2000.
- All five high schools are on Governor’s “Best High Schools in America” list for the second year in a row.
- Sanford Elementary School is nationally recognized as a No Child Left Behind Blue Ribbon School, one of only 10 in Virginia.
- B.C. Charles Elementary School was selected by the Virginia Department of Game and Inland Fisheries as a Virginia Naturally School for its efforts to raise environmental awareness.
- The newly renovated Booker T. Washington Middle School reopened as the division’s newest magnet school specializing in Marine Science and Advanced Placement readiness. With over $11 million in improvements, initiatives include a full aquatics lab, music facilities and a new gymnasium.

### Innovative Education

- NNPS is expanding access to rigorous coursework by offering students dual-enrollment opportunities at local colleges. More than 600 high school students are enrolled in college courses for credit this semester, giving them a head start on their higher education.
- To prepare students for successful careers after high school, the school division is matching students’ career goals with classes that help them prepare for successful careers. Career Pathways identifies courses options that students can pursue in high school to reach their future goals.
- This September, Downtown Elementary School began its first year offering the prestigious International Baccalaureate Primary Years Programme. It is one of 72 elementary IB schools in the nation.
- Pasquale Middle School is implementing an International Baccalaureate Middle Years Programme.

### High Achieving Students

- Two hundred and thirty-nine NNPS students have been named 2006 Advanced Placement Scholars for taking classes that can earn them college credit by receiving a score of three or higher on three or more AP exams.
- Eighty NNPS students have been named National Scholars for receiving an average grade of four or higher on eight or more AP exams.
- Twenty-four NNPS students were recognized as Outstanding Students of the Year.
- Gina Powell of Richneck Elementary has been selected as the York Region Media Specialist of the Year.
- This year’s Virginia Educational Interpreter of the Year is Saunders Elementary School’s Hollice Pullman.
- This year’s Virginia Naturally School is nationally recognized as a Smart, Safe Schools.
- This September, Dutrow Elementary School began its first year offering the International Baccalaureate Primary Years Programme.

### Safe and Healthy Children

- Making sure children and teens are safe and healthy is top priority for NNPS. The school division is taking that job seriously, as a leading member of the city-wide Governor’s Keep Our Kids Safe.
- The school division has updated its health and wellness policy to encourage healthy initiative.
- Keeping Our Kids Safe.

### Award-Winning Teachers

- Twenty-four NNPS teachers were honored as Virginia’s Teachers of the Year.
- Twenty-four NNPS specialists were recognized as Outstanding Specialists of the Year.
- This year’s Virginia Educators Interpreter of the Year is Saunders Elementary School’s Hollice Pullman.
- Gina Powell of Richneck Elementary has been selected as the York Region Media Specialist of the Year.
- This November, the school division kicked off FUN, the Family University Network. Now in its third year, FUN offers free workshops to parents and interested community members who want to help children do well in school. Topics have included homework assistance, internet safety, self-esteem, and behavior management. More information about future FUN events can be found at www.nnschools.org/fun.

### Community Connections

- More than 500 partnerships have been developed between area businesses and schools to enrich their learning activities.
- In October, the school division sponsored a Business and Education Summit that Governor Tim Kaine and local business leaders spoke at the event to encourage the school division’s efforts. Businesses can partner with schools through a website developed with the Peninsula Council for Workforce Development at www.pcfwd.org.
- The November school division kicked off FUN, the Family University Network. Now in its third year, FUN offers free workshops to parents and interested community members who want to help children do well in school. Topics have included homework assistance, internet safety, self-esteem, and behavior management. More information about future FUN events can be found at www.nnschools.org/fun.
