Fall 2011,

Dear Parent:

As part of Newport News Public Schools' effort to improve academic performance, the school district will be offering Supplemental Educational Services (SES) to eligible students. This program offers families a chance to get their children free academic help and instruction outside of the school day. These tutoring services may be scheduled at a time that works best for your family.

Enclosed is a directory of the state-approved companies that offer tutoring in our area. I invite you to review this list and make selections for each of your children. **Please contact your school's SES coordinator, if you have additional questions regarding the academic help services.**

The administrative and teaching staff at your child's school will be sharing many other opportunities for extra help with you at parent meetings and conferences throughout the school year. I encourage you to attend these meetings. By working together, we can ensure the academic success of your children.

Sincerely,

A handwritten signature in black ink, appearing to read "Ashby Kilgore", is written over a light yellow rectangular background.

Dr. Ashby Kilgore
