March 31, 2025

Mayor Jones and the Members of the Newport News City Council:

I am pleased to present the fiscal year 2026 proposed operating budget for Newport News Public Schools. The total budget represents the fiscal support needed to achieve the mission and expectations articulated in the Superintendent's 5 focus Areas to ensure that all students graduate college, career and citizen ready. The total budget of \$406.3 million for Newport News Public Schools. The total budget of \$406.3 million represents a \$6.4 million or 1.6% increase over the fiscal year 2025 approved operating budget. This spending plan is based in part on the Governor's proposed budget released in December 2024 which includes \$4.0 million dollar increase in state revenue for the school division and a request for an increase of \$2.4 million from the City of Newport News to ensure our employee salaries remain competitive.

The Governor's proposed budget includes a 3% salary increase for second year of the biennium (FY25 and FY26) for SOQ instructional and support positions; however, for fiscal year 2026; with support from the City of Newport News, the Superintendents proposed budget will include a general increase for all contracted and appointed full-time.

The school division is working to maintain fiscal responsibility. The most significant budget driver is student success. The number of students Newport News Public Schools serves determines revenue and costs. State Direct Aid funding is based on average daily membership enrollment projections. Population changes, birth trends and the pandemic aftermath continue to have a significant impact on student enrollment in Newport News Public Schools. Based on the district's fall membership report, Newport News Public Schools' enrollment for fiscal year 2025 has increased by 142 students; however, projections for fiscal year 2026 include a loss of as many students from the general student population; however, we have projected increases in enrollment in our most vulnerable populations which includes special education and English language learner students. For fiscal year 2026, revenue projections will include student enrollment loss as reported in the division fall membership report.

The needs of our students and staff have increased, as have the cost of providing services, compensating staff, and maintaining aging facilities. Enrollment loss is affecting every grade level across classrooms and schools, making it difficult to simply reduce staffing and expenditures.

As with many school divisions across the nation, Newport News Public Schools continues to experience a significant shortage of teachers, as well as difficulties related to learning loss and student attendance. Newport News Public Schools continues to address learning loss and recovery; which includes funding to support curriculum writing and course development, local assessments, student reading and math readiness tools, SOL tutoring for students with SOL gaps, and the expansion of summer school and remediation opportunities.

Newport News Public Schools is actively focused on improving student attendance by implementing targeted interventions aimed at removing obstacles to regular attendance. We are committed to ensuring that students who miss school receive the necessary support to encourage consistent participation and foster their overall success. To effectively tackle these attendance challenges, it is essential to retain the current positions of attendance officers and specialists in fiscal year 2026. This will help to alleviate the caseloads associated with school attendance and promote increased referrals to court and human services.

Retention and recruitment of expert staff to educate our students remains a top priority of the school division. Special education, math, English, elementary and school psychologist positions remain hard to fill. As we continue to ensure appropriate compensation for our teachers and support staff, we have identified the following compensation strategies for fiscal year 2026:

- Increase teacher starting pay from \$55,100 to \$56,000
- General 3% Salary Increase for all staff
- Maintain teacher salary scales
- Increase associate teacher pay
- Maintain competitive compensation for all staff
- Provide sign-on bonus for "high-need" licensed positions

For benefit plan year 2026, projected increases in claims and administrative costs necessitate increasing both employer contributions and employee contributions and stabilizing the health insurance fund.

In academics, Newport News Public Schools will continue to ensure we set high academic expectations and provide strong supports; ensuring our curriculum is aligned with the standards of learning and our academic goals. We are working diligently to ensure that our students and teachers have the tools and resources they need for success.

With a renewed focus on graduation, certifications, and completion rates. This initiative will include increasing dual enrollment participation and graduates with advanced diplomas. Newport News Public Schools will work to expand early childhood programs and increase early literacy opportunities. We will provide a multi-tier system of support for literacy and math. Finally, we will retool and enhance our magnet school programs.

Maintaining our safety and security remains a priority. Students and staff must feel safe and secure in our schools. We will maintain our school security officers, weapon detection systems and provide more training for staff. For fiscal year 2026 we will continue to require clear backpacks for all students. Students will continue to be required to wear a student ID every

school day while on the school bus and on the school campus.

As we continue to increase trust and confidence in public education and Newport News Public schools, we will continue to communicate our goals, and track and share our progress. Ensuring transparency, trust, and active listening, we will continue to provide consistent and timely staff information, strengthen internal and external two-way communication, and increase parent engagement and community partnerships. We will also ensure our stakeholders continue to have a voice in the success of Newport News Public Schools.

Promoting an environment of social, emotional and physical well-being remains a top priority as the fiscal year 2026 budget will provide sufficient funding to ensure resources to maintain a positive culture and climate in support of teaching and learning. Enhancing student engagement is critical to student success. Engaged students are more likely to remain motivated and in school. Our youth development program will continue to offer student leadership conferences, mentoring programs and volunteer opportunities for our students. We will continue to welcome feedback and set professional expectations for consistency in terms of behavior and discipline for students and encourage all students to get involved in an activity, club, or sport.

The amount of funding received to maintain our schools and facilities can affect the building and building systems' life cycles. What does not get maintained grows into a bigger problem and ends up in the Capital budget as deferred maintenance. The advanced age of many Newport News Public Schools buildings requires spending operating funds to ensure timely building maintenance and replacement of equipment of these buildings or major building systems become necessary. In addition to the increase in Operating budget funding, we have requested that the City of Newport News provide \$1 million in cash capital funding to support our safety and facilities' needs outside of the normal Capital Improvement cycle.

Maintaining 1:1 technology in our schools is critical to ensuring equitable learning environments to ensure every student in the district has the resources they need to receive an education, and that this education can take place during the school day, after hours, on weekends, and during inclement weather events. We are pleased to continue to receive funding from the City of Newport News, as they have committed to providing \$2 million in cash capital funding to maintain the 1:1 student computer ratio as part of our Capital Improvement cycle.

Our focus on student achievement, advancement, and youth development will continue. Investing in our students is vital to ensure that they graduate college, career and citizen ready. This recommended budget is a responsible spending plan that will advance student success and retain and support employees while ensuring financial resiliency.

Sincerely,

Surles- Jam

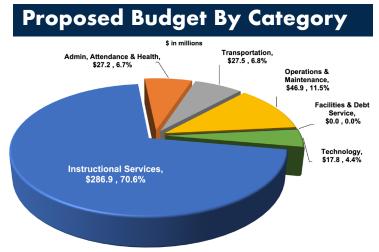

Lisa R. Surles-Law, Chairman Newport News School Board

2024-2025 Accomplishments, Recognitions, and Awards

More NNPS students are earning diplomas.

Nearly 1,700 students completed their high school education secure in the knowledge that Newport News Public Schools has prepared them to be college, career and citizen-ready.

Graduates of the Class of 2024 earned more than \$55 million in scholarships and received over 1,700 acceptance offers to various colleges, universities and military institutions.

NNPS has talented, award-winning employees.

Five NNPS teachers became National Board Certified, which is the highest credential in the teaching profession: Warwick High School science teacher Gretchen DeWall, Dual Language Immersion in the Department of Teaching and Learning instructional coach Sarah Olsen, B.C. Charles Elementary School professional school counselor Nancy Peterson, Sanford Elementary School art teacher Katherine Nicole Piland and McIntosh Elementary School English as a Second Language teacher Tracy Skinner.

Four NNPS Career and Technical Education teachers were named W!se Gold Star Teachers for their students' successful performance on the W!se Financial Literacy Certification Test: Hope London and Lisa McAlister at Denbigh High School and Reginald Neely and Kimberly Grant at Warwick High School. To earn the Gold Star Award, a teacher must have at least a 93% passing rate on the W!SE (Working in Support of Education) Financial Literacy Certification Test in at least one class during the school year.

LeRonica Moses, a special education teacher at Knollwood Meadows Elementary School, received Old Dominion University's Elementary Clinical Faculty Member of the Year Award. The award recognizes the excellent work of teachers in schools mentoring and coaching ODU teacher candidates.

Warwick High School Athletic Director Lucas Brown was named 2025 Virginia Interscholastic Athletic Administrators Association Class 5/6 Athletic Director of the Year. He currently serves on the Virginia High School League Executive Committee and VIAAA Board of Directors and is Athletic Director Chair of Region 5B as well as the Peninsula District.

ACCOMPLISHMENTS & AWARDS

Five NNPS Schools were recognized as exemplar Schools. Deer Park Elementary School earned a Highest Achievement Award, and Hidenwood Elementary School, Katherine Johnson Elementary School, Huntington Middle School and Woodside High School earned Continuous Improvement Awards through the Virginia Board of Education Exemplar School Recognition Program.

NNPS developed and launched a division wide PK-12 Literacy Plan to build the capacity of all learners as readers, writers, communicators and researchers. Implementation strategies include innovative and equitable practices that close achievement gaps and increase access to rigorous learning experiences that are reflective of the NNPS Profile of a Learner.

NNPS broke ground on the new Huntington Middle School in the fall. Construction of the school is a partnership between NNPS and the City of Newport News and is one of multiple public amenities planned for the same block.

New events Employee Convocation and Senior Rally took place for the first time. Employees

gathered at the Hampton Roads Convention Center in August to start off the school year on a unified note. Seniors convened in the spring at Christopher Newport University for a rally focused on energizing and motivating students as they prepared for graduation in June.

A collaborative lab school partnership between Old Dominion University and NNPS established the new Maritime Engineering and Environmental Studies Academy. The new magnet school option will be available for NNPS students for the 2025-2026 school year. The program will focus on maritime engineering and maritime environmental studies and will be housed at the ODU Brooks Crossing Innovation Lab.

The Department of Defense Education Activity awarded a \$2 million grant to NNPS for STEM education. The five-year grant will increase STEM education through after-school robotics programs and space camps, including an overnight summer space camp for high school students at Wallops Island, for students in 12 NNPS schools. The school division will establish a new partnership with the Virginia Space Flight Academy to bring new and innovative STEM programs to students.

NNPS signed a partnership with Riverside College of Health Sciences to enhance career pathways for students at the Governor's Health Sciences Academy at Warwick High School. The geographic proximity of Riverside to Warwick, along with the approximately 400 students attending the GHSA and graduating either career or college ready, combined for a perfect fit to try to address the shortage of professionals in the healthcare fields.

General Stanford Elementary School was recognized with the 2024-2025 Purple Star 2nd Award from the Virginia Department of Education. The Virginia Purple Star Designation is awarded to military-friendly schools that have demonstrated a major commitment to students and families connected to the U.S. military.

The Virginia General Assembly recognized NNPS Youth Development's accomplishments and contributions to the community with a resolution during the General Assembly session. Youth Development staff, student representatives and community partners visited the State Capitol to be recognized as the resolution was passed.

NNPS STUDENTS EARN REGIONAL, NATIONAL, AND STATE AWARDS

Warwick High School's team won Blue Crab Bowl 2025, which is Virginia's regional competition of the National Ocean Sciences Bowl. Warwick advanced to the NOSB National Finals Competition.

Sahasra Vishwanathan, a ninth grader at Menchville High School, was selected as the first-place winner for high school students in the 2025 Distinguished Trailblazers in the Sciences Competition. The contest was sponsored by Michigan State University, its Facility for Rare Isotope Beams, and the Thomas Jefferson National Accelerator Facility.

The Virginia School Boards Association selected the NNPS Telecommunications program's video "Kindness Goes a Long Way" as the winner in the Kindness in Sports category of its 13th Annual High School Student Video Contest.

Woodside High's Schools Boys Indoor Track Team won the 2025 Virginia High School League Class 5 State Championship.

Woodside's Deimon "DJ" Collins earned the 2025 Class 5 state championship in Indoor Track Boys Triple Jump.

Heritage High School's Girls Indoor Track 4X200 Meter Relay Team comprised of Tyla Clarke, Ahnasti Brown, Giani Darden and Jaleia Beasley won the 2025 VHSL Class 3 State Championship.

NNPS teams and individuals qualified in March for the 2025 National Archery in the Schools Program U.S. Eastern Nationals. In the Bullseye competition, Richneck Elementary School's team and Richneck's Ava Crawford as well as B.C. Charles student Sophia Coberly qualified. In 3D, Richneck, Ella Fitzgerald Middle School and Menchville High School qualified as teams along with individual archers Crawford, Kamryn Moore and Cailynn Bromell from Richneck, Charles' Violet Singletary, Fitzgerald's Zoey Stanley and Menchville's Sebastian Arsenault and Lillian Roman.

An Achievable Dream Academy, McIntosh Elementary School, Yates Elementary School, B.T. Washington Middle School and Warwick High School earned top honors for their outstanding performances at the 2025 Regional Odyssey of the Mind Tournament in March 2025. Warwick and B. T. Washington advanced to compete at the Virginia State Odyssey of the Mind Tournament at April. NNPS hosted both the regional and state tournaments at Menchville.

Economic Overview

The Congressional Budget Office's (CBO) 2025 economic forecast states that the federal budget deficit is \$1.9 trillion this year, debt held by the public is 100% of GDP, expected outlays are \$7.0 trillion, and expected revenues are \$5.2 trillion. In CBO's projections, economic growth cools from an estimated 2.3 percent in calendar year 2024 to 1.9 percent in 2025 and 1.8 percent in 2026 amid higher unemployment and lower inflation. The Federal Reserve continues reducing interest rates through the end of 2026, which supports economic growth. Real GDP then grows by 1.8 percent per year, on average, through 2035. Roughly four-fifths of the growth over that period is due to increases in the productivity of the labor force. The rest is due to increases in the size of the labor force. In CBO's projections, the overall growth of prices slows slightly in 2025. Inflation as measured by the price index for personal consumption expenditures (PCE) falls from an estimated 2.5 percent in 2024 to a rate roughly in line with the Federal Reserve's long-run goal of 2 percent in 2027 and stabilizes thereafter. In CBO's projections, from 2025 to 2035, debt swells as increases in mandatory spending and interest costs outpace growth in revenues. Federal debt held by the public rises from 100 percent of GDP this year to 118 percent in 2035, surpassing its previous high of 106 percent of GDP in 1946. These projections reflect developments in the economy as of December 4, 2024 and incorporate legislation enacted through January 6, 2025.

Old Dominion University's (ODU) 25th annual State of the Region Report published in October 2024 states that over the past year, region's economy grew in 2023 and will likely grow for a fourth consecutive year in 2024. Even after accounting for inflation, average wages in Hampton Roads were higher than prior to the COVID-19 pandemic. For the first time in almost two decades, the regional economy grew in four consecutive years. A record number of individuals were in the civilian labor force and employed, and employers reported a record number of jobs. Job growth, however, lagged our peers. There was (mostly) good news to report about the pillars of the Hampton Roads economy in 2024. More defense spending flowed into the region. While cargo traffic declined at the Port of Virginia in 2023, the declines were mainly driven by outbound cargo traffic. The declines at the Port were also proportionally less than many other ports across the nation. Nominal hotel revenues continued to climb, but real hotel revenues fell in 2023 as occupancy rates dipped slightly. The hotel industry, however, continued to outperform the state and the nation. Unfortunately, the recent rise in housing prices in Hampton Roads has priced many families out of the American dream of owning a home. Policies and regulations regarding land use and zoning may influence decisions to build housing. While increasing housing supply will not solve all our problems, the research is also clear: affordable housing impacts economic growth. A recent analysis across the 100 most population metropolitan areas found that decreases in housing affordability in rental and homeownership markets negatively influenced rates of growth. In other words, housing supply is one 'lever' we can use to improve our regional economy over the coming decade.

According to the City of Newport News ACFR FY 2024, the Newport News economy remains strong evidenced by a steady decrease in the unemployment rate (declined from an average of 3.6% for FY 2023 to 3.3% for FY 2024). Economic growth is further evidenced by a 2.45% increase in assessed values of taxable real property for FY 2025. Consumer sensitive revenues such as sales tax, meals tax, and lodging taxes also remain strong, projecting a slight increase in FY 2025. The total General Fund Operating Budget is \$624.3 million, a 3% increase over the FY 2024 budget. The real estate tax rate was maintained at \$1.18 per \$100 of assessed value, after two consecutive years of reductions. Real estate tax remains the single largest revenue source for the City, representing 42.7% of the General Fund revenue in FY 2025. Public safety and education remain the largest expenditure categories for the City, representing 45% of the General Fund expenditures in FY 2025.

FY 2026 Budget Priorities

The Superintendent's Executive leadership team, Senior staff and Department managers collectively identified the budget drivers: Academic Success, Student & Staff Supports, Leadership & Instructional Professional Development, Family & Community Engagement, Recruitment & Retention, School & Building Safety, Technology Supports, Operation and Maintenance. The Superintendent and the School Board identified the priorities and ensured alignment with the Superintendent's five focus areas, Academics, Safety, Communication, Accountability, and Climate & Culture. The five focus area collective commitments and associated benchmarks will serve as a framework to guide the work of NNPS. The School Board approved budget represents the fiscal support needed to achieve the mission and expectations articulated in the Superintendent's five focus areas to ensure all students graduate college, career, and citizen ready.

The FY 2026 budget allocates 87% of the financial resources to employee salaries and related benefits. Education is labor intensive – having highly qualified teachers in the classroom is a key factor in student success. Highly qualified support staff contribute to the overall effectiveness and efficiency of school division operations.

The retention and recruitment of skilled, professional staff continues to be a priority:

- Provides general 3% salary increase for all contracted staff.
- Teacher starting pay increases from \$55,100 to \$56,000.
- Increases Associate Teacher starting pay while maintaining current teacher scale.
- Maintains competitive compensation with appropriate staff market adjustments.
- Provides sign-on bonuses for our highly-need licensed positions.

The proposed budget sets high expectations and provides strong supports:

- Increase graduate rates, advanced diplomas, dual enrollment participation.
- Expand early childhood programs, increase early literacy opportunities.
- Enhance magnet school programs, curriculum & course development.
- Provide multi-tier system of support for literacy and math.

The proposed budget supports Safety initiatives:

- Maintain security staffing levels.
- Maintain weapons detections systems, security cameras, access control, landscaping, clear back-pack requirements and K9 services.

The proposed budget supports consistent, timely, transparent Communication to all stakeholders:

- Provide funding for an enhanced emergency communication system.
- Maintain funding for public facing financial dashboards.
- Maintain family engagement and community partnerships.

The proposed budget ensures students remain at forefront of actions, staff Accountability:

• Funding to maintain, career switcher, associate teacher, tuition reimbursement, national board cohort, network infrastructure, 1:1 computer technology supports, online content monitoring and operations and maintenance of schools and facilities.

The proposed budget promotes an environment of social, emotional and physical well-being:

- Funding to maintain positions and tools associated with social, emotional and physical well-being.
- Provide sufficient funding and encourage participation in after-school activities, clubs and sports and Youth Development initiatives.

The School Board of Newport News

The seven members of the Newport News Public School Board are elected through a district system for staggered four-year terms, with one member elected at large. Newport News students also elect one non-voting student representative. Additional information, meeting agendas and meeting minutes can be found on the NNPS website at www.nnschools.org/board. Budget Process

The Superintendent's five focus areas established budget priorities and guided the planning for the FY 2026 budget. The budget staff met with each department beginning in December to review their plans for the current year and to discuss budget expectations for the upcoming year. The goal of this process is to be strategic in planning by targeting resources to the areas of greatest need in alignment with the Superintendent's goals to prepare our students for college, career, and citizen readiness.

In December 2024, the Governor released the proposed state budget for the Governors proposed state budget for the 2024-2026 biennium and in January 2025, preliminary estimates of revenues and expenditures for FY 2026 were developed.

A work session with the School Board was held in January 2025 to review the process and timeline to develop the operating budget as well as providing an overview of the current fiscal year budget priorities and allocations. The work session presentation provided an update on the financial outlook for FY 2026 and the Governor's recommended funding for the upcoming year. Historical revenue, enrollment and funding trends by major sources were reviewed as well as historical trends on compensation and benefits. The continued increase in cost of benefits was discussed as a major contributor to the increase in overall compensation cost.

February 18, 2025, a School Board work session was held to review challenges in the projection of State and City funding support for FY26. The School Board work session presentation included a review of discretionary versus non-discretionary spending, potential federal funding changes, and a deeper dive into the collaborative budget process used to strategically allocate our finite resources to our highest priorities identify by the Superintendent's 5 focus areas. School Board members were given an opportunity to provide feedback on the priorities identified by staff as part of the budget process.

February 21, 2025, the Superintendent shared anticipated FY 2026 funding gaps based on enrollment trends, revenue projections and the Governors recommended budget with the Newport News City manager for consideration and support of additional funding for FY 2026.

The Superintendent's proposed budget based on the Governor's proposed budget was presented to the School Board on March 4th. The Superintendent's five focus areas established budget priorities and guided the planning for the FY 2026 budget. The Superintendents budget represented the fiscal support needed to achieve the mission and expectations articulated in the Superintendent's five focus areas to ensure all students graduate college, career, and citizen ready.

On March 11, 2025, the School Board held a budget public hearing to give the public an opportunity to provide feedback on the FY 2026 budget priorities.

March 18, 2025, the School Board approved the Superintendents proposed budget.

The school division must present a balanced budget to the Newport News City Council by April 1st.

Revenue

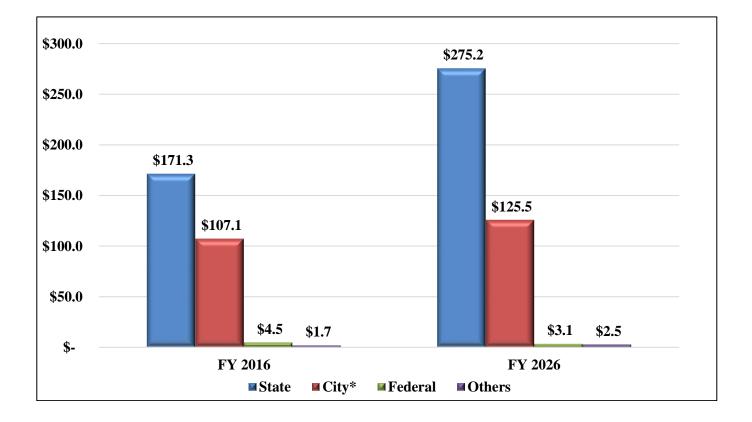

Pursuant to state law, Newport News Public Schools (NNPS) is a fiscally dependent school division and as such does not have the authority to levy taxes or issue debt. All funds are appropriated to NNPS by the City Council, which has authority to tax and incur debt. The city maintains the debt schedules and allocated the debt related to schools as part of local revenue until FY 2018. Beginning in FY 2019, debt service is not allocated as part of the local revenue.

NNPS receives operating budget revenues from three primary sources – State aid for public education, funds transferred from the City of Newport News and federal sources. NNPS also receives a small amount of revenue from non-resident tuition, and fees and receipts from athletic activities.

In FY 2026, NNPS expects to receive \$406.3 million to support the operation of the school division. This represents an increase of approximately \$6.4 million or 1.6% over the FY 2025 budget.

10 Year Revenue History

Revenue for NNPS in FY 2026 is \$121.7 million higher than FY 2016. The two primary sources of funding come from state and local revenues.

*City revenue excludes debt service in both FY 2016 and FY 2026.

State Revenue (\$275.2 million)

State revenue is expected to increase by \$4.0 million, or 1.5%, from FY 2025 and represents 67.7% of the NNPS operating budget. State revenue includes funding for basic aid to support the Standards of Quality (SOQ), School Facilities, Incentive Programs (to support specific programs and initiatives), Categorical Programs, Lottery Funded Programs, and NNPS' share of the 1.125% sales tax collected to support public education.

One factor used to determine the State's level of support for education in a locality is the Local Composite Index (LCI). This factor combines three measures of local fiscal capacity (assessed value of real property, adjusted gross income, and taxable retail sales) into a single index to measure each locality's ability to pay for education. The LCI is adjusted at the beginning of each biennium. The LCI for Newport News is 0.2729 for the 2024 - 2026 biennium as compared to 0.2808 for the 2022 - 2024 biennium. This means that the City of Newport News is required to pay 27% of the cost of the minimum educational program established by the State's Standards of Quality. Local support for education exceeds this minimum requirement in Newport News as it does in all other school divisions throughout the State.

City Revenue (\$125.5 million)

The FY 2026 City revenue is expected to increase by \$2.4 million, or 1.9%, and represents 30.9% of the NNPS operating budget. City revenue for FY 2026 is the City's local support for education and represents 19.5% of the \$643.6 million City General Fund. Effective July 2018, the City no longer allocates the amount they pay for debt service on behalf of the school division as local revenue. The FY 2026 School Debt Service paid by the City is \$5.7 million and represents 0.8% of their General Fund.

Federal Revenue (\$3.1 million)

Funds from the federal government are expected to be flat with revenue at \$3.1 million, the same as the FY 2025 approved budget. The major portion of NNPS' federal revenue is Impact Aid. This funding partially compensates the locality for the education of children whose parents live and/or work on federally owned property such as military bases or low-rent housing.

The Federal government is exempt from paying taxes on its property. Therefore, Federal property located within a community imposes a financial burden on local taxpayers. Congress created the Impact Aid Program to reimburse school districts for lost local tax revenue. Our military and federally connected students represent 12.0% of our student population and we receive impact aid funding for those connected students.

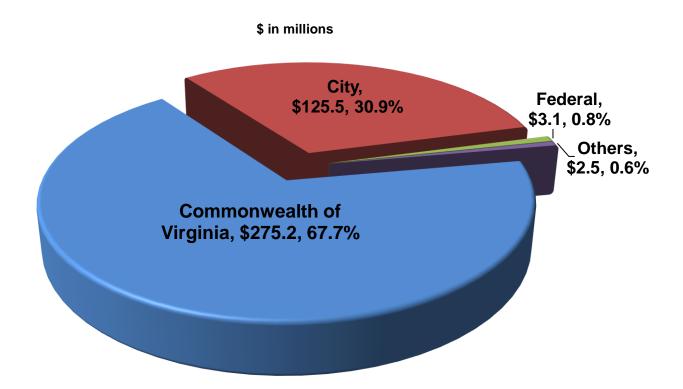

Other Revenue (\$2.5 million)

Other revenue includes E-Rate, non-resident tuition, fees for Driver Education classes, rents from the use of school buildings, receipts from athletic events, and proceeds from sale of surplus property. The FY 2026 Other Revenue is projected to remain flat. The largest drivers of other revenue are indirect costs and Stop Arm Buses.

Indirect cost rates are used by school divisions to recover the indirect costs associated with the administration of federal grants. The U.S. Department of Education approved the methodology used by the Virginia Department of Education (DOE) to calculate the indirect cost rates used by school divisions. Each year the Virginia DOE calculates the indirect cost rates based on the Annual School Report expenditure data.

Stop Arm Buses revenue is an initiative by the Newport News Police department to encourage drivers to stop for buses that are loading and unloading. Buses are equipped with a camera system to monitor drivers who fail to obey the stop arm.

The majority of funding for Newport News Public Schools is provided by the State of Virginia.

Expenditures

The FY 2026 school division operating budget reflects an increase of \$6.4 million or 1.6% from FY 2025. Budget drivers and associated changes in expenditures are as follows:

Enrollment Trends:

Student September 30 enrollment trend continues a downward trend; however, subgroups are showing an increase in enrollment.

- Pre-K student enrollment projected increase of 138 students.
- Special Education enrollment projected increase of 87 students.
- English language learning students projected increase of 336 students.
- Military connected students projected decrease of 246 students.

Superintendent's 5 focus areas Alignment to Budget Priorities:

Academics:

- Increasing Graduation Rates w/Advanced Diploma's
- Curriculum & Course Development
- Expand Early Childhood Programs
- Increase Dual Enrollment Participation
- Multi-tier System of Support for Literacy and Math
- Increasing Early Literacy Opportunities
- Enhance Magnet School Programs

Safety:

- Security Officers
- Weapons Detection/K-9 Services
- Clear Back-Pack Requirement
- Security Cameras
- Access control
- Improved lighting & Landscaping with safety in mind

Communication:

- Strengthening Family Engagement & Community Partnerships
- Enhanced Communications Systems
- Transparency and Trust
- Ensure all stakeholders

Accountability:

- Keep Students at the forefront of all actions
- Timely Maintenance of Schools & Facilities
- Encourage Staff Involvement
- Career Switcher Opportunities
- National Board Cohort
- Associate Teacher Program
- Employee Tuition Reimbursement
- Professional Development & Coaching
- Technology Supports
- Recruitment & Retention

Climate & Culture:

- Promote environment of social, emotional and physical well-being
- Ensure students are involved in activities, clubs and sports
- Establish consistent behavior with students, parents and staff
- Maintain Youth Development initiatives
- Be open to feedback and establish professional expectations

Compensation Strategy:

- General staff increase 3%.
- Maintain teacher salary scales.
- Raise starting pay for BA teachers scale from \$55,100 to \$56,000.
- Increase associate teacher pay.
- Maintain competitive compensation for all staff.
- Provide sign-on bonus for "high-need" licensed positions.

The increases outlined above are partially offset by:

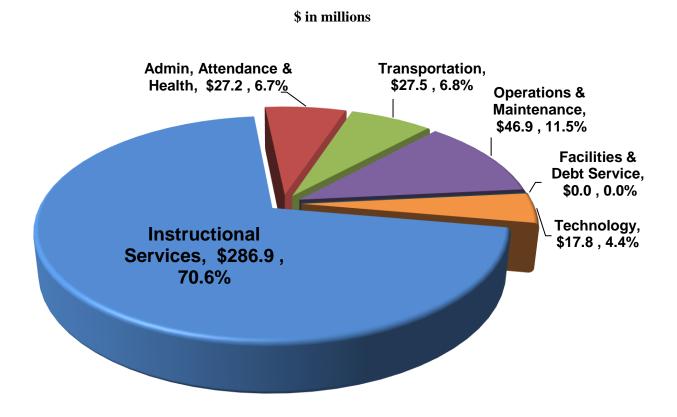

- Reduction of 12.7 teaching positions
- Employees share in increased health care costs
- Decrease in City pension liability and VRS debt service
- Decrease in contract services, online software, materials and supplies
- Turnover and attrition
- One-time costs reductions

Pre-School September 30 Enrollment Trends FY 2016 - FY 2026

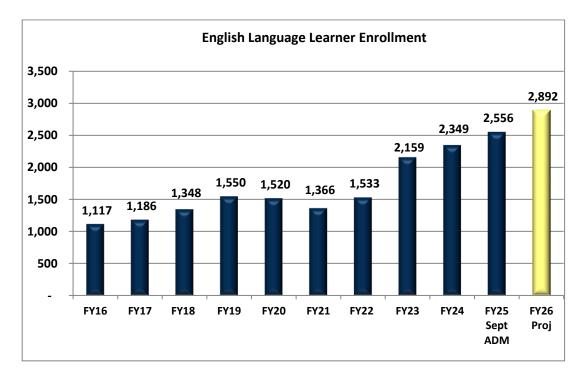

Loss of Pre-K student enrollment in FY 2022 can be attributed to Covid-19. Parents are opting out of preschool since it is not required. For FY 2026, we are using the NNPS projection.

Since the 2014-2015 school year the number of students receiving services under the Individuals with Disabilities Education Act has steadily increased, due in part by rapid growth in the disability category of Autism. Virginia is among the states that have seen the largest increase in the population of students with Autism. The Covid-19 pandemic interrupted FY 2021 & FY 2022 enrollment, though NNPS has seen an increase in students going through the SPED eligibility process and can expect that students with signed IEP's will also increase. (*Source: NNPS Special Education Department*)

English language learner students have increased by 159% since FY 2016. The Covid-19 pandemic has affected the number of refugee resettlements to NNPS for FY 2022 through FY2023 which can range between 150-300 annually. It is estimated 2,892 students will be enrolled in ELL for FY 2026. (Source: Virginia Department of Education Fall Financial Verification Report; ELL Funded)

Child Nutrition Services Meals Served

Studies show that well-nourished students are better prepared to learn. Newport News Public Schools help provide a healthy environment through nutritious meals, healthy snacks, and opportunities for physical education and nutrition education. Beginning in the 2019-20 school year, all student are eligible to receive a healthy breakfast and lunch free each school day during the school year. The free meals are offered through the Community Eligibility Provision, which is available for select schools in the National School Breakfast and Lunch Program. FY 2021 was based on meal pickup at schools, churches and bus stops for students learning virtually. In FY 2022 schools opened and began serving breakfast and lunch on a normal schedule.

All Funds

The budget consists of nine funds: Operating, Workers' Compensation, Textbook, Grants, Child Nutrition Services, Adult Education, State Construction, Capital Improvement Projects and Facility Notes Payable.

The **School Operating fund** is comprised of all necessary general revenues and expenditures to operate the school division throughout the fiscal year. Most operational expenditures for the major functions are accounted for in this fund, including teacher and support staff salaries, transportation and maintenance costs, utilities, supplies, and other operating costs.

The **Workers' Compensation (WC) fund** revenues are derived from charges to the school operating and other school and grant funds. These funds are maintained in a separate fund to pay for administrative support for monitoring and processing claims, as well as all compensation and medical payments payable under the Workers' Compensation laws of the Commonwealth of Virginia. A summary of the WC fund appears in the Other Funds section.

The **Textbook fund** accounts for all student textbook purchases utilizing state funds and the required local match. Unspent funds are allowed to be carried over from year to year thus providing funds on a stable basis. These funds are used for new textbook adoptions, replacement textbook purchases and other instructional materials as allowed by the state.

The **Grant fund** is used to account for financial resources provided for very specific purposes. It is funded from federal, state, and foundation (private industry) sources and are intended to supplement educational services. Grant totals are subject to change until award notifications are received from the grantor. Grants are not subject to board approval as operating funds; however, estimated grant expenditures are subject to board approval in accordance with School Board policy.

The **Child Nutrition Services fund** includes all sources and uses of funding pertaining to the operation of school cafeterias. Major funding sources include federal grant revenue (USDA National School Breakfast and Lunch Program) and charges to users.

The **Adult Education fund** provides funds to help adults obtain knowledge and skills necessary for employment and self-sufficiency. This program is a critical part of the division's dropout recovery program. The services are offered in two dropout recovery centers, at two elementary schools in the southeast community, in both Adult Correctional facilities as well as testing at a variety of locations across the city. The operations budget includes compensation and fringes for our workforce development staff offered on-site and in partnership with Huntington Ingalls Industries.

State Construction funds are specifically earmarked for capital improvements which would otherwise be funded through the CIP or operating fund. In past years the state construction funds have been used to supplement CIP funding and to cover a portion of the payment for the energy performance contract. Effective FY 2011, this state stopped providing funding and the remaining fund balance is used to supplement capital project funding in future years. This fund was fully spent by the end of FY 2020. New funding began in FY 2023.

FY 2026 EXECUTIVE SUMMARY

Capital Improvement Project funding is provided by the City of Newport News to fund capital needs in school facilities.

Facility Notes Payable covers the performance-based energy services contract that has provided NNPS with capital equipment and systems replacement within our buildings. Work includes complete HVAC replacement at two schools, lighting replacement in large portions of most buildings, plumbing fixture modifications/ replacements, weather stripping, modifications to HVAC equipment to clean air, and replacements to HVAC systems to address aging or poorly performing equipment. Savings are guaranteed contractually, and those savings are dedicated to repayment of the project costs through the operating budget as opposed to through the capital budget.

Other Financial Information

Health Insurance fund is not a formal fund maintained by the School Board. It is managed by Optima, the school division's plan administrator. A summary of the Health Insurance Fund appears in the Other Financial Information section.

Other Post-Employment Benefits (OPEB) fund - Many school divisions do not provide retiree health benefits but those few that do, like NNPS, had been funding OPEB on a pay as you go basis. Since the school division is a component unit of the city, the city is interested in the management of the school division's unfunded liability.

Funding of this benefit requires a trust fund. The Virginia General Assembly passed legislation allowing the governing body of certain political subdivisions (including school boards) to establish a trust for the purpose of accumulating and investing assets to fund the liability for Other Post-Employment Benefits (OPEB). The Virginia Association of Counties/Virginia Municipal League created the Virginia Pooled OPEB Trust Fund to provide municipalities and school divisions with a professionally managed trust fund they could use to invest, manage and administer assets to provide for their OPEB liabilities in a cost-effective manner in compliance with the requirements of the Virginia Code and GASB Statement No. 45.

The School Board approved participation in the Virginia Pooled OPEB Trust Fund in May 2009. The required Local Finance Board began meeting in March 2010 and authorized contributions to the trust fund. A summary of the OPEB Fund appears in the Other Financial Information section.

Capital Budget Process

The capital budget process begins with an update to the School Board's CIP Committee in April regarding the capital needs of the school division. The Executive Director of Plant Services coordinates a thorough review of all facilities and develops a proposed list of projects needing to be addressed. The Director of Transportation provides input on the need for replacement school buses. Once the CIP Committee has approved the proposed project list, the proposal is presented to the full School Board in a work session and subsequently at a regular meeting for final approval. This is typically done at the June School Board meeting so that an approved capital plan is available when the city begins its capital process in August. The school division is asked to provide project level detail to the city for inclusion in their capital planning process. City Code Sec. 2-16 establishes that the City Manager must submit to the City Council a "multi-year capital improvements" recommendation by November 1 of each year. The City Council deliberates over the recommendations and usually approves a capital plan for the city – including the school division – in December. That information and the updated needs assessment becomes the basis for the next cycle of capital planning by the school division staff.

The current approved FY 2025 plan includes \$10M for facility renovation and improvements and \$2.8M

for the Warwick high school renovation. The state recommended replacement cycle for school buses is 15 years, and new buses are currently funded with \$2M annually in cash capital from the city. This helps to reduce the debt burden on the school division. After the FY25 capital budget approval, an additional \$2M was approved annually for 1:1 Technology in cash capital from the city beginning in FY25.

As the chart below shows, the average age of NNPS school buildings is 57 years so the capital plan focuses on replacement of major systems (roofing and heating, ventilation, and air conditioning) of existing buildings and has for the past few years. With stable or slightly decreasing enrollment, NNPS has not needed to add capacity in recent years so our focus has been on maintaining existing classroom space in good repair. We were able to replace the former Magruder Elementary School that opened in 1948 with the new Discovery STEM Academy in 2016. There have been major renovations; Booker T Washington was built in 1929 and renovated in 2006 and Crittenden was built in 1949 and renovated in 1994.

Age of School Buildings

Debt Service Fund

Under Virginia law, the School Board does not have the authority to levy taxes or issue general bonded debt in its name. With the exception of capital leases, all long-term debt is held in the name of the city and is the city's responsibility. Certain property maintained by the School Board is subject to tenancy-in common, with the City, if the City incurred a financial obligation for the property which is payable over more than one fiscal year. The School Board and the City have agreed that such property will be carried on the City's financial statements until the outstanding debt is repaid, upon which time the book value of the assets in question will be transferred back to the School Board's books. Although the City is responsible for the issuance and maintenance of debt, the school division is still tasked with all care, management, and control over the property.

In the early 1990s the school division participated in an early retirement program offered by the Virginia Retirement System. That debt was refinanced by the city and was scheduled as part of our debt payment through 2025. In addition, debt payments are made for annual replacements of school buses through 2028. New school buses are funded using city cash capital.

About City of Newport News

Date of Incorporation (first Charter adopted) Consolidation with Warwick City Form of Government January 16, 1896 July 1, 1958 Council-Manager (Seven Member Council) 69.2 Square Miles

Area - City Land

The City of Newport News is located in the southeastern area of Virginia. The city is part of the Norfolk-Virginia Beach-Newport News Metropolitan Statistical Area (Hampton Roads). Northrop Grumman Newport News is by far the largest employer and taxpayer of the City. Newport News also has a significant military presence, with numerous military installations located in or near the City. The City has a broad range of industrial parks and commercial centers supporting light industrial, research and technology and commercial and retail operations. These include the Oakland Industrial Park, Carleton Farm Industrial Park, Patrick Henry Commerce Center, Oyster Point of Newport News, Jefferson Center for Research and Technology, Copeland Industrial Park, and the Southeast Commerce Center. The City is well situated to maintain a diversified economy.

About Newport News Public Schools

The School Board of the City of Newport News, Virginia (the School Board) was established in 1898 to provide educational opportunities to the residents of the City. The School Board is the elected body operating under the Constitution of Virginia and the Code of Virginia. The seven members of the School Board are elected through a district system for staggered four-year terms, with one member elected at large. Newport News students also elect one non-voting student representative. The School Board establishes policy for the operation of the school division, and implementation of Board policy is carried out under the direction of the Superintendent.

NNPS provides a full range of public educational services to approximately 26,000 students (prekindergarten through 12th grade). It employs approximately 3,900 teachers, administrators, and support staff. The School Board appoints the Superintendent of Schools who is responsible for the day to day operations of the school division. Currently, the Chief of Staff, Assistant Superintendent for Business and Support Services, and Chief Academic Officer assist the Superintendent in carrying out these responsibilities.

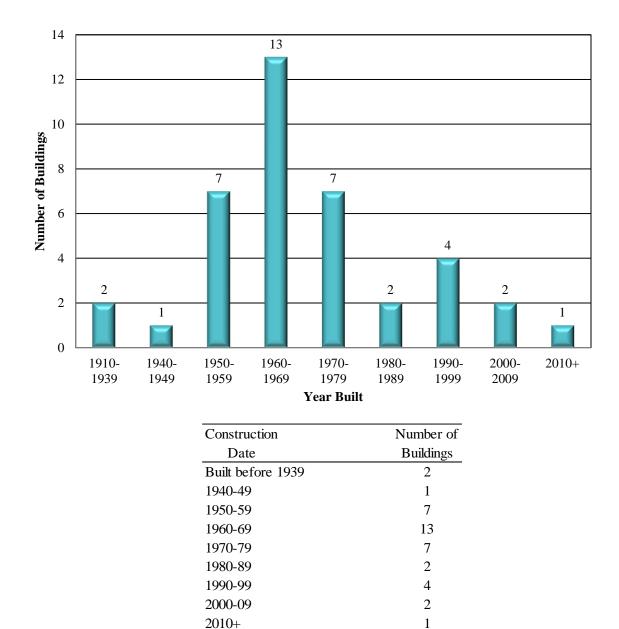

The School Board receives funding from taxes collected and allocated by the City and state in addition to federal aid. The School Board itself has no power to levy and collect taxes, or to increase the budget. The Council annually appropriates funds to the School Board for educational expenditures, levies taxes, and issues debt on behalf of the School Board.

NNPS operates as a fiscally dependent agency of the City of Newport News. State law charges the Newport News City Council with the responsibility to provide funding to meet the minimum state Standards of Quality (SOQ) requirements.

Newport News School Board

The seven members of the Newport News Public School Board are elected through a district system for staggered four-year terms, with one member elected at large. Newport News students also elect one non-voting student representative. The School Board establishes policy for the operation of the school division, and implementation of Board policy is carried out under the direction of the Superintendent. Regular School Board meetings are usually held the third Tuesday of each month at 6:30 p.m. at the School Administration Building, 12465 Warwick Boulevard. The public is welcome to address the board. Meetings air live on Cox Communications channel 47, Verizon FIOS channel 17 and at www.nnpstv.com. Additional information, meeting agendas and meeting minutes can be found on the NNPS website at www.nnschools.org/board.

FY 2026 Budget Priorities

The Superintendent's Executive leadership team, Senior staff and Department managers collectively identified the budget drivers: Academic Success, Student & Staff Supports, Leadership & Instructional Professional Development, Family & Community Engagement, Recruitment & Retention, School & Building Safety, Technology Supports, Operation and Maintenance. The Superintendent and the School Board identified the priorities and ensured alignment with the Superintendent's five focus areas, Academics, Safety, Communication, Accountability, and Climate & Culture. The five focus area collective commitments and associated benchmarks will serve as a framework to guide the work of NNPS. The School Board approved budget represents the fiscal support needed to achieve the mission and expectations articulated in the Superintendent's five focus areas to ensure all students graduate college, career, and citizen ready.

The retention and recruitment of skilled, professional staff continues to be a priority:

- Provides general 3% salary increase for all contracted staff.
- Teacher starting pay increases from \$55,100 to \$56,000.
- Increases Associate Teacher starting pay while maintaining current teacher scale.
- Maintains competitive compensation with appropriate staff market adjustments.
- Provides sign-on bonuses for our highly-need licensed positions.

The proposed budget sets high expectations and provides strong supports:

- Increase graduate rates, advanced diplomas, dual enrollment participation.
- Expand early childhood programs, increase early literacy opportunities.
- Enhance magnet school programs, curriculum & course development.
- Provide multi-tier system of support for literacy and math.

The proposed budget supports Safety initiatives:

- Maintain security staffing levels and clear backpack requirements.
- Maintain weapons detections, security cameras, access control, K9 services and landscaping.

The proposed budget supports consistent, timely, transparent Communication to all stakeholders:

- Provide funding for an enhanced emergency communication system.
- Maintain funding for public facing financial dashboards.
- Maintain family engagement and community partnerships.

The proposed budget ensures students remain at forefront of actions, staff Accountability:

• Funding to maintain, professional development opportunities, career switcher, associate teacher, tuition reimbursement, national board cohort, network infrastructure, 1:1 computer technology supports, online content monitoring and operations and maintenance of schools and facilities.

The proposed budget promotes an environment of social, emotional and physical well-being:

- Funding to maintain positions and tools associated with social, emotional and physical well-being.
- Funding for after-school activities, clubs and sports and Youth Development initiatives.

Operating Budget Development

Budget Process

The Superintendent's five focus areas established budget priorities and guided the planning for the FY 2026 budget. The budget staff met with each department beginning in December to review their plans for the current year and to discuss budget expectations for the upcoming year. The goal of this process is to be strategic in planning by targeting resources to the areas of greatest need in alignment with the Superintendent's goals to prepare our students for college, career, and citizen readiness.

In December 2024, the Governor released the proposed state budget for the Governors proposed state budget for the 2024-2026 biennium and in January 2025, preliminary estimates of revenues and expenditures for FY 2026 were developed.

A work session with the School Board was held in January 2025 to review the process and timeline to develop the operating budget as well as providing an overview of the current fiscal year budget priorities and allocations. The work session presentation provided an update on the financial outlook for FY 2026 and the Governor's recommended funding for the upcoming year. Historical revenue, enrollment and funding trends by major sources were reviewed as well as historical trends on compensation and benefits. The continued increase in cost of benefits was discussed as a major contributor to the increase in overall compensation cost.

February 18, 2025, a School Board work session was held to review challenges in the projection of State and City funding support for FY26. The School Board work session presentation included a review of discretionary versus non-discretionary spending, potential federal funding changes, and a deeper dive into the collaborative budget process used to strategically allocate our finite resources to our highest priorities identify by the Superintendent's 5 focus areas. School Board members were given an opportunity to provide feedback on the priorities identified by staff as part of the budget process.

February 21, 2025, the Superintendent shared anticipated FY 2026 funding gaps based on enrollment trends, revenue projections and the Governors recommended budget with the Newport News City manager for consideration and support of additional funding for FY 2026.

The Superintendent's proposed budget based on the Governor's proposed budget was presented to the School Board on March 4th. The Superintendent's five focus areas established budget priorities and guided the planning for the FY 2026 budget. The Superintendents budget represented the fiscal support needed to achieve the mission and expectations articulated in the Superintendent's five focus areas to ensure all students graduate college, career, and citizen ready.

On March 11, 2025, the School Board held a budget public hearing to give the public an opportunity to provide feedback on the FY 2026 budget priorities.

March 18, 2025, the School Board approved the Superintendents proposed budget.

The school division must present a balanced budget to the Newport News City Council by April 1st.

Capital Budget Development

Capital Budget Process

The capital budget process begins with an update to the School Board's CIP Committee in April regarding the capital needs of the school division. The Executive Director of Plant Services coordinates a thorough review of all facilities and develops a proposed list of projects needing to be addressed. The Director of Transportation provides input on the need for replacement school buses. Once the CIP Committee has approved the proposed project list, the proposal is presented to the full School Board in a work session and subsequently at a regular meeting for final approval. This is typically done at the June School Board meeting so that an approved capital plan is available when the city begins its capital process in August. The school division is asked to provide project level detail to the city for inclusion in their capital planning process. City Code Sec. 2-16 establishes that the City Manager must submit to the City Council a "multi-year capital improvements" recommendation by November 1 of each year. The City Council deliberates over the recommendations and usually approves a capital plan for the city – including the school division – in December. That information and the updated needs assessment becomes the basis for the next cycle of capital planning by the school division staff.

The current approved FY 2025 plan includes \$10M for facility renovation and improvements and \$2.8M for the Warwick high school renovation. The state recommended replacement cycle for school buses is 15 years, and new buses are currently funded with \$2M annually in cash capital from the city. This helps to reduce the debt burden on the school division. After the FY25 capital budget approval, an additional \$2M was approved annually for 1:1 Technology in cash capital from the city beginning in FY25.

Financial Management Structure

The annual budget is the foundation for financial management of a school division. Under Virginia statute, a school budget is developed by the Superintendent for review and approval by the School Board. A second approval is required by the City Council before the budget is finalized. The City Council annually appropriates funds to a School Board for educational expenditures, levies taxes, and issues debt on behalf of a School Board. The legal liability for general obligation debt remains with the City. Because of the relationship with the City, a School Board is considered a component unit of the City as defined by generally accepted accounting principles for governmental entities.

Once the budget is adopted, the total level of the budget may only be changed with approval by both the School Board and the City Council. For management purposes, the budget is prepared by department consistent with the organizational chart. Each school or department has budget authorities and responsibilities. Budgetary controls are in place to ensure that spending is kept within authorized limits. Oversight of total spending for the school division is assigned to the Business Office.

The Chief Financial Officer is responsible for presenting monthly financial reports to the School Board. The school division's financial records are audited annually by an independent external auditor. While the school division uses the City Treasurer for all treasury and cash management functions, NNPS remains its own fiscal agent.

Consistent with the Virginia Public Procurement Act § 2.2-4300, the School Board adopted purchasing policies enabling NNPS to perform all procurement activities. The NNPS Purchasing Department is responsible for following the Virginia Public Procurement Act's declaration of intent: "To the end that public bodies in the Commonwealth obtain high quality goods and services at reasonable cost, that all procurement procedures be conducted in a fair and impartial manner with avoidance of any impropriety or appearance of impropriety, that all qualified vendors have access to public business and that no offeror be arbitrarily or capriciously excluded, it is the intent of the General Assembly that competition be sought to the maximum feasible degree, that procurement procedures involve openness and administrative efficiency, that individual public bodies enjoy broad flexibility in fashioning details of such competition, that the rules governing contract awards be made clear in advance of the competition, that specifications reflect the procurement needs of the purchasing body rather than being drawn to favor a particular vendor, and that the purchaser and vendor freely exchange information concerning what is sought to be procured and what is offered. Public bodies may consider best value concepts when procuring goods and nonprofessional services, but not construction or professional services. The criteria, factors, and basis for consideration of best value and the process for the consideration of best value shall be as stated in the procurement solicitation". The School Board has designated the Superintendent and certain other individuals as agents and deputy agents with the authority to approve expenditure of school division funds.

Fund Structure

Several funds are used in the management of NNPS finances. This budget document includes the following funds:

Government:

- General (Operating) Fund is the general operating fund of the School Board. It accounts for all financial resources except those required to be accounted for in another fund. It finances instructional programs and day-to-day functions in support of those programs. Funds are primarily derived from state, local sources and non-categorical federal funds.
- Workers' Compensation Fund includes administrative support for monitoring and processing workers' compensation claims, as well as all compensation and medical payments payable under the Workers' Compensation laws of the Commonwealth of Virginia.
- **Textbook Fund** is used to pay for student textbooks; State funds are the primary source of practically all textbook fund revenue. A summary of the Textbook Fund appears in the Other Funds section.
- **Grants Fund** is used to account for financial resources provided for designated purposes (e.g. the Federal Title I Program for Disadvantaged Students). While most funding is provided from federal grants, several grants are funded from state or private sources.
- Child Nutrition Services Fund accounts for cafeteria operations as the division provides for the nutritional needs of its students. Funding is derived from meal sales and federal and state reimbursements.
- Adult Education Fund accounts for local and state funds used to deliver instruction to adults in the community who did not complete a high school credential.
- General Obligation Bond Fund accounts for proceeds for general obligation bonds issued by the City of Newport News to construct or purchase capital assets.
- State Construction Fund is specifically earmarked for capital improvements which would otherwise be funded through the Capital Improvement Project or General Operating fund. This fund was fully spent by the end of FY 2020. New funding began in FY 2023.
- Capital Improvement Project Fund used to account for financial resources received and used for the acquisition, construction, or improvement of capital facilities or maintenance of the school plant (other than those financed by the other funds). While not part of the School Operating Budget, a summary of the Capital Improvement Plan appears in the Other Funds section.

Fiduciary:

• Other Post-Employment Benefits (OPEB) Trust Fund – accumulates assets and accounts for contributions to provide other post-employment benefits primarily health insurance

Basis of Accounting

Budgeting for revenues and expenditures of governmental funds is based on the modified accrual-basis of accounting. Most NNPS funds are governmental funds. Accrual basis of accounting has been modified to recognize the governmental environment and unique accounting measurement objectives. Under modified accrual basis of accounting, revenues are recorded when items are both measurable and available to finance expenditures of the current period or soon enough thereafter to be used to pay liabilities of the current period. NNPS considers collections within 60 days of year end as available. Sales tax revenue is accrued when the underlying sales transaction has taken place and is remitted to the School Board within 60 days of the sales transactions. Federal impact aid revenue is recognized as earned based upon entitlements calculated using eligible student data and federally authorized payment provisions based upon the federal fiscal year with an allowance to recognize adjustments for prior years. Expenditures, other than principal and interest on long-term debt which is recorded when due, are recorded as reductions in net financial resources of the current fiscal year. Debt service requirements, including principal payments, are accounted as expenditures in the year of payment. Appropriations not spent at the end of the year lapse and typically revert to the funding agency.

Under the accrual basis of accounting, revenues are recognized when earned and expenses are recognized at the time they are incurred. The only major difference between budgetary accounting and accounting (accrual) used in the audited financial statements concerns encumbrances outstanding at year end. For budgetary purposes, encumbrances are recognized as expenditures during the period purchase orders are issued rather as the accrual basis of accounting which recognizes a liability in the period in which goods or services were received. The fund balance of audited reports includes outstanding encumbrances as a reservation of the ending fund balance.

Classifications of Revenues & Expenditures

Revenues

Most revenues of NNPS are intergovernmental transfers from other agencies. The primary sources of funds are:

• **Commonwealth of Virginia** - Most state funds are transferred based on per pupil amounts that require a local match. Dedicated state sales tax collections are applied to the state and local share of Virginia's basic aid formula. Funding for school operations is shared between the city and the state according to each locality's ability to fund schools. The local composite index (LCI) is calculated at the beginning of each biennial state budget process. Currently the state is responsible for 73% of basic school operating costs as defined by the state's standards of quality (SOQ) while NNPS is responsible for 27% of such costs.

• **City of Newport News** – City funding is heavily dependent on property tax collections. The city provides the local match required by the State's SOQ and the funding necessary to meet the gap between SOQ requirements and programs deemed necessary by the School Board.

• **Federal** – provides supplemental funds in recognition of the fact that federal properties are not taxed and therefore do not generate property tax revenues for the locality to share with the school division. These funds can be used to meet any educational priorities established by the school board.

• Local – includes monies collected for school rental, tuition, athletic activities, and special fees.

Expenditures

The NNPS Operating Budget is presented by function as required by state statute § 22.1-115. The major categories (functions) for which Virginia school districts are required to budget are:

• **Instructional Services** - Instruction includes the activities that deal directly with the interaction between teachers and students. Instruction may be provided for students in a school classroom, in another location such as a home or hospital, or in other learning situations such as those involving co-curricular activities.

• Administration, Attendance, and Health Services - Activities concerned with providing executive leadership of the school division, tracking, and managing student attendance, and providing health services in our schools.

• **Pupil Transportation** - Activities concerned with transporting students to and from school, as provided by state and federal law. This includes trips between home and school, and trips to and from school activities.

• **Operations and Maintenance** - Activities concerned with keeping the physical plant open, comfortable, and safe for use, and keeping the grounds, buildings, and equipment in effective working condition. This includes the activities of Security Services maintaining safety in buildings, on the grounds, and in the vicinity of schools.

• School Food Services - Activities concerned with providing nutritious meals to students and staff.

Classifications of Revenues & Expenditures

• Facility Improvements - Activities concerned with acquiring land and buildings, remodeling buildings, constructing buildings and additions to buildings, installing, or extending service systems and other built- in equipment, and improving sites.

• **Debt Service and Fund Transfers** - A number of outlays of governmental funds are not properly classified as expenditures, but still require budgetary or accounting control. These include debt service payments (principal and interest) and certain transfers of monies from one fund to another.

• **Technology** – Activities concerned with providing and maintaining the infrastructure and related materials and equipment to support the use of technology for instructional and operational/managerial purposes.

The NNPS Operating Budget uses object codes to distinguish the type of product or service for which expenditure is made.

• **Personnel Services** - This category includes all payments made to employees for personnel services. Salaries and wages paid to employees for full- and part-time work, including overtime and similar compensation. It includes payments for time not worked, including sick leave, vacation, holidays, jury duty, military leave, and other paid absences that are earned during the reporting period. The term "salaries" means all compensation including base wage. This also includes amounts paid through salary reduction plans, such as tax-sheltered annuities and flexible benefit plans.

• Employee Benefits - Job related benefits provided to employees as part of their total compensation. Benefits include the employer's portion of FICA, pensions, insurance (life, health, disability income, etc.) and employee allowances.

• **Contracted Services** - Payments for services acquired from outside sources (i.e., private vendors, public authorities, or other governmental entities). Purchase of the service is on a fee basis or fixed time contract basis.

• **Internal Services** - Charges from an internal service fund to other activities/elements of the local government for the use of intra-governmental services, such as mail services, automotive/motor pool, print shop, transportation (field trips), and risk management.

• Other Charges - Include expenditures that support the use of programs. Include expenditures that would be charged under object codes 5100 through 5800, among other expenditures.

• **Materials and Supplies** - Include articles and commodities that are consumed or materially altered when used and minor equipment that is not capitalized.

• **Payment to Joint Operations** - Include tuition payments to the fiscal agent for operations that are jointly operated by two or more local governments (e.g., a regional program such as an academic year Governor's School). An operation is defined as jointly operated if the local governments have responsibility of ownership and policymaking. Policymaking may be handled directly by the local governing bodies or indirectly through an appointed board.

• Capital Outlay - Outlays that result in the acquisition of or additions to fixed assets.

• **Other Uses of Funds** - This series of codes is used to classify transactions that are not properly recorded as expenditures of the LEA but require budgetary or accounting control.

Policy DA – Fiscal Management Goals: In the division's fiscal management, the Board seeks to achieve the following goals:

- to engage in thorough advance planning in order to develop budgets and to guide expenditures so as to achieve the greatest educational returns and the greatest contributions to the educational program;
- to establish levels of funding which will provide high quality education for the students of the school division;
- to use the best available techniques and process for budget development and management;
- to consider the multi-year financial effect of programs including personnel, supplies, and equipment; and
- to establish financial systems to maintain safeguards over the school division's assets.

Policy DAA – Evaluation of Fiscal Management: Each individual school is required to maintain an accurate and up-to-date central accounting system of all monies collected by the school. This fund will be maintained using a system of accounts and procedures in accordance with state regulations and the manual Newport News Public Schools Activity Fund Regulations. Computerized bookkeeping is provided and required to be used in all schools. These school accounts will be audited annually by an independent certified public firm, selected under the guidelines of policy DJA. The School division may authorize periodic reviews of programs and procedures in order to determine effectiveness and efficiency.

Policy DB – **Annual Operating Budget:** The Newport News school system's annual budget is the financial outline of the division's education program. It presents a proposed plan of expenditures and the expected means of financing those expenditures. After adoption, it provides the primary means of managing expenditures.

The fiscal year begins on the first day of July and ends on the thirtieth day of the following June.

The superintendent or superintendent's designee prepares a budget calendar identifying all deadlines for the annual budgetary process. The calendar includes at least one work session for reviewing the budget and at least one public hearing on the budget. Notice of the time and place for the public hearing is published at least seven days in advance, in a newspaper having general circulation within the school division.

The superintendent prepares, with the approval of the School Board, and submits to the appropriating body no later than April 1, an estimate of the amount of money needed during the next fiscal year for the support of the public schools of the school division. The estimate sets up the amount of money needed for each major classification prescribed by the Board of Education and such other headings or items as may be necessary.

Upon approval of the school division's budget by the appropriating body, the school division publishes the approved budget in line item form, including the estimated required local match, on

its website, and the document is also made available in hard copy as needed to citizens for inspection. (Legal References: Code of Virginia 1950, as amended, §§ 15.2-2503, 15.2-2504, 15.2-2506, 22.1-91, 22.1-92, 22.1-93, 22.1-94)

Policy DBJ – **Budget Transfers:** Periodically, budget categories will be examined and the yearend status of each estimated. Based on these estimates, the division Superintendent may make budget transfers within the major categories and between categories based on the following:

- The division Superintendent may transfer up to \$100,000 within any given category (Instructional Services, Administrative and Alternative Services, Human Resources, Business and Support Services, Administration, and Non-Departmental).
- The division Superintendent may transfer up to \$25,000 between any given categories.
- If the amount exceeds the amounts listed in #1 and #2, the division Superintendent will obtain School Board approval.
- In all cases, the division Superintendent is to advise the Board of any of the above transactions at the next regularly scheduled Board meeting.

The division Superintendent may make necessary budget adjustments at the end of the budget year and report those adjustments in the year-end financial report.

Definition of a Balanced Budget (Newport News Public Schools): A budget in which revenues are equal to expenditures. More generally, it refers to a budget that has no budget deficit but could possibly have a budget surplus.

Virginia State Code Policies and Procedures

§ 22.1-88. Of what school funds to consist. The funds available to the school board of a school division for the establishment, support and maintenance of the public schools in the school division shall consist of state funds appropriated for public school purposes and apportioned to the school board, federal funds appropriated for educational purposes and apportioned to the school board, local funds appropriated to the school board by a local governing body or such funds as shall be raised by local levy as authorized by law, donations or the income arising therefrom, and any other funds that may be set apart for public school purposes.

§ 22.1-89. Management of funds. Each school board shall manage and control the funds made available to the school board for public schools and may incur costs and expenses. If funds are appropriated to the school board by major classification as provided in § 22.1-94, no funds shall be expended by the school board except in accordance with such classifications without the consent of the governing body appropriating the funds.

§ 22.1-90. Annual report of expenditures. Every school board shall submit at least once each year to the governing body or bodies appropriating funds to the school board a report of all its expenditures. Such report shall also be made available to the public either on the official school

division website, if any, or in hard copy at the central school division office, on a template prescribed by the Board of Education.

§ 22.1-91. Limitation on expenditures; penalty. No school board shall expend or contract to expend, in any fiscal year, any sum of money in excess of the funds available for school purposes for that fiscal year without the consent of the governing body or bodies appropriating funds to the school board. Any member of a school board or any division superintendent or other school officer violating, causing to be violated or voting to violate any provision of this section shall be guilty of malfeasance in office.

§ 22.1-93. Approval of annual budget for school purposes. Notwithstanding any other provision of law, including but not limited to Chapter 25 (§ 15.2-2500 et seq.) of Title 15.2, the governing body of a county and the governing body of a municipality shall each prepare and approve an annual budget for educational purposes by May 15 or within 30 days of the receipt by the county or municipality of the estimates of state funds, whichever shall later occur. Upon approval, each local school division shall publish the approved annual budget in line item form, including the estimated required local match, on the division's website, and the document shall also be made available in hard copy as needed to citizens for inspection.

The Superintendent of Public Instruction shall, no later than the fifteenth day following final adjournment of the Virginia General Assembly in each session, submit estimates to be used for budgetary purposes relative to the Basic School Aid Formula to each school division and to the local governing body of each county, city and town that operates a separate school division. Such estimates shall be for each year of the next biennium or for the then next fiscal year.

§ 22.1-94. Appropriations by county, city or town governing body for public schools.

A governing body may make appropriations to a school board from the funds derived from local levies and from any other funds available, for operation, capital outlay and debt service in the public schools. Such appropriations shall be not less than the cost apportioned to the governing body for maintaining an educational program meeting the standards of quality for the several school divisions prescribed as provided by law. The amount appropriated by the governing body for public schools shall relate to its total only or to such major classifications prescribed by the Board of Education pursuant to § 22.1-115. The appropriations may be made on the same periodic basis as the governing body makes appropriations to other departments and agencies.

§ 22.1-100. Unexpended school and educational funds. A. All sums of money derived from the Commonwealth which are unexpended in any year in any school division shall revert to the fund of the Commonwealth from which derived unless the Board of Education directs otherwise. Except as otherwise provided in subsection B, all sums derived from local funds unexpended in any year shall remain a part of the funds of the governing body appropriating the funds for use the next year, but no local funds shall be subject to redivision outside of the locality in which they were raised.

B. Any school board may, with the concurrence of the local governing body, establish a capital reserve fund as a savings account into which it exclusively deposits the unexpended local operating funds described in subsection A for future school division capital expenditures at no additional cost to local taxpayers, subject to the following conditions:

1. Any deposit into such fund shall be designated at the time of deposit for a specific capital project named by the school board;

2. No deposit into such fund shall be withdrawn or used for any purpose other than the capital project designated pursuant to subdivision 1; and

3. The school board may make withdrawals from such fund at any time, and no such withdrawal shall be encumbered by any deadlines or other timelines or time-based restrictions.

§ 22.1-110. Temporary loans to school boards. No school board shall borrow any money in any manner for any purpose without express authority of law. Any loan negotiated in violation of this section shall be void. Subject to the approval of the governing body or bodies appropriating funds to the school board, any school board is authorized to borrow money, when necessary, not to exceed in the aggregate one-half of the amount produced by the school levy for the school division for the year in which such money is so borrowed or one-half of the amount of the cash appropriation made to such school board for the preceding year or, in school divisions for which there is both a school levy and appropriation, one-half of the amount of each. Such loans shall be evidenced by notes or bonds negotiable or nonnegotiable, as the school board determines. In the case of temporary loans in anticipation of loans from the Literary Fund, such loans shall be repaid within two years of their dates. Other temporary loans shall be repaid within one year of their dates. However, loans made to purchase new school buses to replace obsolete or worn out equipment shall be repaid within not less than 10 years of their dates.

§ 22.1-115. System of accounting; statements of funds available; classification of

expenditures. The State Board, in conjunction with the Auditor of Public Accounts, shall establish and require of each school division a modern system of accounting for all school funds, state and local, and the treasurer or other fiscal agent of each school division shall render each month to the school board a statement of the funds in his hands available for school purposes. The Board shall prescribe the following major classifications for expenditures of school funds: (i) instruction, (ii) administration, attendance and health, (iii) pupil transportation, (iv) operation and maintenance, (v) school food services and other noninstructional operations, (vi) facilities, (vii) debt and fund transfers, (viii) technology, and (ix) contingency reserves.

2024-2025

More NNPS Students are Earning Diplomas.

Nearly 1,700 students completed their high school education secure in the knowledge that Newport News Public Schools has prepared them to be college, career and citizen-ready.

Graduates of the Class of 2024 earned more than \$55 million in scholarships and received over 1,700 acceptance offers to various colleges, universities and military institutions.

NNPS has talented, award-winning employees.

Five NNPS teachers became National Board Certified, which is the highest credential in the teaching profession: Warwick High School science teacher Gretchen DeWall, Dual Language Immersion in the Department of Teaching and Learning instructional coach Sarah Olsen, B.C. Charles Elementary School professional school counselor Nancy Peterson, Sanford Elementary School art teacher Katherine Nicole Piland and McIntosh Elementary School English as a Second Language teacher Tracy Skinner.

Four NNPS Career and Technical Education teachers were named W!se Gold Star Teachers for their students' successful performance on the W!se Financial Literacy Certification Test: Hope London and Lisa McAlister at Denbigh High School and Reginald Neely and Kimberly Grant at Warwick High School. To earn the Gold Star Award, a teacher must have at least a 93% passing rate on the W!SE (Working in Support of Education) Financial Literacy Certification Test in at least one class during the school year.

LeRonica Moses, a special education teacher at Knollwood Meadows Elementary School, received Old Dominion University's Elementary Clinical Faculty Member of the Year Award. The award recognizes the excellent work of teachers in schools mentoring and coaching ODU teacher candidates.

Warwick High School Athletic Director Lucas Brown was named 2025 Virginia Interscholastic Athletic Administrators Association Class 5/6 Athletic Director of the Year. He currently serves on the Virginia High School League Executive Committee and VIAAA Board of Directors and is Athletic Director Chair of Region 5B as well as the Peninsula District.

ACCOMPLISHMENTS & AWARDS

Five NNPS Schools were recognized as exemplar Schools. Deer Park Elementary School earned a Highest Achievement Award, and Hidenwood Elementary School, Katherine Johnson Elementary School, Huntington Middle School and Woodside High School earned Continuous Improvement Awards through the Virginia Board of Education Exemplar School Recognition Program.

NNPS developed and launched a division wide PK-12 Literacy Plan to build the capacity of all learners as readers, writers, communicators and researchers. Implementation strategies include innovative and equitable practices that close achievement gaps and increase access to rigorous learning experiences that are reflective of the NNPS Profile of a Learner.

NNPS broke ground on the new Huntington Middle School in the fall. Construction of the school is a partnership between NNPS and the City of Newport News and is one of multiple public amenities planned for

the same block.

New events Employee Convocation and Senior Rally took place for the first time. Employees gathered at the Hampton Roads Convention Center in August to start off the school year on a unified note. Seniors convened in the spring at Christopher Newport University for a rally focused on energizing and motivating students as they prepared for graduation in June.

A collaborative lab school partnership between Old Dominion University and NNPS established the new Maritime Engineering and Environmental Studies Academy. The new magnet school option will be available for NNPS students for the 2025-2026 school year. The program will focus on maritime engineering and maritime environmental studies and will be housed at the ODU Brooks Crossing Innovation Lab.

The Department of Defense Education Activity awarded a \$2 million grant to NNPS for STEM education. The five-year grant will increase STEM education through after-school robotics programs and space camps, including an overnight summer space camp for high school students at Wallops Island, for students in 12 NNPS schools. The school division will establish a new partnership with the Virginia Space Flight Academy to bring new and innovative STEM programs to students.

NNPS signed a partnership with Riverside College of Health Sciences to enhance career pathways for students at the Governor's Health Sciences Academy at Warwick High School. The geographic proximity of Riverside to Warwick, along with the approximately 400 students attending the GHSA and graduating either career or college ready, combined for a perfect fit to try to address the shortage of professionals in the healthcare fields.

General Stanford Elementary School was recognized with the 2024-2025 Purple Star 2nd Award from the Virginia Department of Education. The Virginia Purple Star Designation is awarded to military-friendly schools that have demonstrated a major commitment to students and families connected to the U.S. military.

The Virginia General Assembly recognized NNPS Youth Development's accomplishments and contributions to the community with a resolution during the General Assembly session. Youth Development staff, student representatives and community partners visited the State Capitol to be recognized as the resolution was passed.

ACCOMPLISHMENTS & AWARDS

The NNPS Youth Development Program has been awarded a 2024 Silver Magna Award by the National School Boards Association for its innovative infrastructure and programming. The program emphasizes student empowerment and leadership, inclusivity, positive school culture and mentoring, while teaching important social and emotional skills.

Newport News Public Schools has again been selected as a system of top schools by Virginia Living Magazine. The 2024 list appears in the State of Education section of the April edition of the magazine. NNPS is recognized for our commitment to college, career, and citizen-readiness and notes that our AP courses, dual enrollment, Early College, STEM, CTE and Early Career programs ensure students have viable career and additional educational options. The magazine also noted the school division's award-winning youth development program and service learning initiative. This is the third year that NNPS has earned this recognition.

The NNPS STEAM Camps, in collaboration with William & Mary, was recognized as a 2023 "Program that Works" by the Virginia Mathematics and Science Coalition. STEAM Camps are held during the summer at Hines Middle School and serve students in grades 3 through 12. They provide hands-on learning experiences in computer science, emerging technologies and engineering design. Engineered to spark creativity, promote teamwork, and teach real-world problem-solving skills, the program pairs a robust curriculum with diverse mentorship opportunities. Participants include learners from elementary to high school, preservice teachers from William & Mary and NNPS high school interns following STEM career pathways.

Woodside High School was listed among the 100 Best W!SE High Schools Teaching Personal Finance in 2023. The national ranking recognizes excellence in personal finance instruction. The "100 Best" schools participate in W!SE's Financial Literacy Certification program.

National Board certification is a symbol of excellence in teaching and professional growth and the highest credential in the teaching profession. The Certification process usually takes between one and three years.

ACCOMPLISHMENTS

NNPS students making strides in achievement. All Newport News public schools are either Accredited without Conditions or Accredited with Conditions for the 2022-2023 school year according to data from the Virginia Department of Education. The accreditation ratings are based on school-quality indicator results from the 2021-2022 school year. Of the thirty-eight NNPS schools under accreditation requirements, a majority (23) earned the status of Accredited Without Conditions: Marshall Early Learning Center; An Achievable Dream Academy; Charles, Deer Park, Dutrow, General Stanford, Hilton, Jenkins, Kiln Creek, Knollwood Meadows, Palmer, Richneck, Riverside, Sanford and Yates elementary schools; Gildersleeve and B.T. Washington middle schools; Achievable Dream Middle and High School; and Denbigh, Heritage, Menchville, Warwick and Woodside high schools. Schools that are Accredited Without Conditions met or exceeded state benchmark requirements for all student gap groups in academic areas, graduation rate and dropout rate.

Fifteen NNPS schools are Accredited With Conditions: Carver, Discovery STEM Academy, Greenwood, Hidenwood, Katherine Johnson, McIntosh, Newsome Park, Saunders, Sedgefield and Stoney Run elementary schools; and Crittenden, Ella Fitzgerald, Hines, Huntington and Passage middle schools. Schools Accredited with Conditions may have one or more school quality indicator areas in need of improvement.

Newport News Public Schools launched a Capital Improvement and Facilities Master Plan Dashboard to increase public visibility and accountability for the school division's capital needs and facilities master plan. The dashboard presents cost and management data for school facilities. It gives the public a one-stop location for capital data for each school (year of construction, total square footage, program capacity and student enrollment). The online tool also identifies major renovation needs, facility conditions, and deferred maintenance costs. The dashboard tracks the school division's progress on key initiatives identified by the NNPS Facilities Master Plan Steering Committee including safety and security enhancements, the replacement of learning cottages, maintenance projects deferred due to the lack of available funding, and computer lab renovations. The dashboard gives users an in-depth, transparent look at facility needs through a variety of visualizations, including maps, charts and graphs.

AWARDS

Newport News Public Schools was named a system of Top Schools in Virginia Living magazine's 2023 list of notable institutions. Virginia Living published the list of Top Schools in its March/April 2023 issue. The list highlights a selection of approximately 200 outstanding Virginia public and private institutions from preschool to graduate level that boast exemplary programs and achievements.

Newport News Public Schools earned a 2022–2023 Meritorious Budget Award from the Association of School Business Officials International in recognition of distinguished budget presentation. The award reflects NNPS' commitment to sound fiscal management and budgetary policies. The budget document was acknowledged for a wealth of information in graphic and narrative form and for being user-friendly for the average taxpayer with an abundance of data presented in different forms to meet the needs of varied readers.

The school division earned an **Association of School Business Officials International Meritorious Budget Award For Excellence** in budget presentation for the Fiscal Year 2023 budget document. The award marks the 13th consecutive year that NNPS earned the prestigious award.

The Government Finance Officers Association of the United States and Canada (GFOA) has awarded the Certificate of Achievement for Excellence in Financial Reporting to the Newport News School Board for its annual comprehensive financial report for the fiscal year that ended June 30, 2022. This marks the 22nd time the board has received this award. The report was judged by an impartial panel to meet the high standards of the program, which include demonstrating a constructive "spirit of full disclosure" to clearly communicate its financial story and motivate potential users and user groups to read the report, according to GFOA.

Katherine G. Johnson Elementary School is named a Purple Star School. The Virginia Department of Education awards this designation to schools that meet their high standards for service to military-connected students and their families. To be named a Purple Star school, there must be a staff member who has completed training in meeting the needs of military students and serves as a point of contact for their families. Purple Star schools must offer online information specifically designed for military families and must offer new students peer support to ease their transition. At Johnson Elementary, a team of fourth and fifth grade students known as Anchored4Life team leaders, welcome new students, support students who are moving, and support military students going through the deployment of a parent.

Newport News Public Schools was awarded a Gun Violence Intervention Program Community-Based Grant of nearly \$93,000 to support two mentoring programs coordinated by the Youth Development Department: My Brother's Keeper and My Sister's Keeper. The grant is presented by the City of Newport News, in conjunction with funding from the Virginia Department of Criminal Justice Services and the Attorney General's Office.

NNPS STUDENTS EARN NATIONAL AND STATE AWARDS

Jamie Ashby, an eighth-grade student at Booker T. Washington Middle School, earned first place in Congressman Bobby Scott's Third Congressional District App Challenge. Jamie designed an app named Skin in the Game, which allows users to identify bug bites and skin conditions with machine learning. Users take a picture inside the app, and the image is run through a machine learning model that predicts what the bug bite or skin condition could be so users will know how to properly treat the bite or condition. As the first-place

Accomplishments & Awards

winner, Jamie had the opportunity to demonstrate his app when he attended a reception in Washington, D.C. with other winners from around the country.

The Triple Helix robotics team, based at Menchville High School, successfully defended their title as Champions of the FIRST Robotics Competition Chesapeake District (VA/MD/DC) advanced to compete at the World Championship in Houston. The judging panel at the District Championship also recognized Triple Helix with the Innovation in Control Award, which celebrates innovative control techniques to achieve gameplay functions.

Three NNPS Odyssey of the Mind teams earned top honors in the 2023 Tidewater Regional Odyssey of the Mind Tournament and advanced to compete in the Virginia Odyssey of the Mind State Finals. Teams representing McIntosh Elementary School, Knollwood Meadows Elementary School and Booker T. Washington Middle School earned first place in their problem and division.

Atiana Williams, a senior at Menchville High School, was named a finalist in the Virginia Sports Hall of Fame's Annual Student Athlete Achievement Awards. Atiana was one of 16 finalists, the only one from the Peninsula to be selected. She served as the captain of the Monarchs' Girls Varsity Basketball team, who finished the regular season with a record of 22-0. The finalists were recognized for their athletic and academic success, in addition to their volunteer work and community service. Atiana is a member of the National Honor Society and the Spanish Honor Society and is Senior Class President.

Six high school student musicians earned the All-Virginia distinction. Heritage High students Savion Frazier and Celeste Kelly, Warwick High student Casey York, and Woodside High students Daria Garnett and Emma Thomas were named to the All-Virginia Chorus. Liam Barnstead, from Woodside High School, was named to the All-Virginia Symphonic Band. Selection to an All-Virginia ensemble represents the highest honor that the Virginia Music Educators Association can bestow upon a student musician.

The Menchville High School Band earned designation as an Honor Band by the Virginia Band and Orchestra Directors Association. Bands achieving superior ratings at the state marching band festival and at a district concert festival are recognized as an Honor Band, the highest award that can be bestowed upon bands by the association.

Three NNPS students won Virginia Senator Monty Mason's art contest and had their artwork displayed during the 2023 General Assembly session. Dutrow Elementary third-grader Gracie Preuett won the K-3 division, Chiara Leone, a fifth-grade student at Riverside Elementary won the 4th-5th grade division, and Woodside High School senior JaBrea Copeland won the secondary level. The winning students and their families were invited to Richmond during the session to be recognized and receive a tour of the Capitol.

The Woodside High School Boys Basketball Team captured the Virginia High School League Class 5 State Championship. The Wolverines won the first state title in boys basketball in almost two decades and finished their season with an outstanding record of 23-5. Senior Point Guard Trevor Smith was named the VHSL Class 5 Player of the Year and Head Coach Stefan Welsh was named the Class 5 Boys Basketball Coach of the Year.

Woodside Senior Trevor Smith and Menchville Senior AJ Clark were named to the 2023 Virginia High School

Career and Technology Education

Includes classroom and direct support activities that provide students with learning experiences in five program areas: Business and Information Technology, Family and Consumer Science, Marketing, Technology Education, and Trade and Industrial. These program areas allow students to learn academic concepts in an applied instructional setting, which prepare them for success in their chosen career field. These programs are offered to students in grades 6-12 at each of the middle and high schools.

The School Board has the constitutional duty and authority to supervise the public schools in the city of Newport News in accordance with the requirements of the Code of Virginia and all other applicable statutes. The School Board is primarily responsible for developing policies that promote the educational achievement of all youth in the community. The Board is charged with accomplishing this effort while also being responsible for the oversight of resources available to the school division. The Board must fulfill these responsibilities by functioning as the governing body to formulate and adopt policy, by selecting a Superintendent to implement policy, and by evaluating the results.

Explanation of Major Variances from FY 2025 Budget to FY 2026:

Personnel Costs:

3% salary increase, experience adjustments, and compression adjustments Reclassified 3 Web Content staff

Non-Personnel Costs:

Local Mileage: Increased due to ITC reorganization under DTAL

Professional Development: Increased due to PD initiatives

Dues and Memberships: Decreased based on some costs no longer needed

Food Supplies: Increased due to rising cost of food for additional meetings, initiatives, and events

Educational Materials: Temporary decrease due extra supplies on hand

Tech Software/On-Line Content: Increased due to Canvas being budgeted in case VDOE does not provide and price increases

Tech Hardware: Non-Capitalized: Decreased due to prior year one time costs

The Workers' Compensation (WC) Fund revenues are derived from charges to the school operating and other school funds. These funds are maintained in a separate fund to pay for administrative support for monitoring and processing claims, as well as all compensation and medical payments payable under the Workers' Compensation laws of the Commonwealth of Virginia.

Human Resources has initiated a comprehensive safety awareness program as well as continuing to negotiate lump sum settlements with the goal of driving down costs. Starting in FY 2017 Insurance category includes cost for reinsurance after \$1 million retention level to help in the event of a catastrophic claim.

This fund includes all sources and uses of funding pertaining to the operation of school cafeterias. Major funding sources include federal grant revenue (USDA National School Breakfast and Lunch Program) and charges to users. Beginning in the 2019-20 school year, all students are eligible to receive a healthy breakfast and lunch free each school day during the school year. The free meals are offered through the Community Eligibility Provision, which is available for select schools in the National School Breakfast and Lunch Program.

Newport News Public Schools Child Nutrition Services, through excellent customer service, will provide appealing and nutritrious meals to support academic achievement and promote lifelong healthy food choices. Approximately 6,400,000 meals are served annually.

The Newport News Adult and Continuing Education Department is a critical part of the division's dropout recovery program. The department delivers instruction to adults in our community who did not complete a high school credential. The department offers services in two dropout recovery centers, at two elementary schools in the southeast community, in both Adult Correctional facilities as well as testing at a variety of locations across the city. Courses range from basic literacy and mathematics to GED (General Education Development) exam preparation. A large portion of our adult learners are speakers of other languages learning English for the first time.

State construction funds are specifically earmarked for capital improvements which would otherwise be funded through the CIP or operating fund. The School Board submits a prioritized listing of capital needs to the City Council for inclusion in the City's Capital Improvements Plan (CIP). CIP expenditures are generally funded by long term debt including general obligation bonds and, for some school projects, state literary loan funds. State construction funds have been used to supplement CIP funding. New funding began in FY 2023.

The Capital Projects Fund is supplied by the City through cash capital and bond proceeds. These funds are used to construct new schools/additions, renovate/replace major building systems (roofs, HVAC, etc.), and purchase buses. The FY 2025 approved plan of \$14.8 million reflects \$2 million to replace school buses, \$10 million for facility renovation and improvements, and \$2.8 million for Warwick High School.

As shown above, most projects will result in some savings in the operating budget. However, the savings are not expected to be material in relation to the district's total budget. The City of Newport News has approved the FY 2025 budget for \$14.8M. After the FY25 capital budget approval, an additional \$2M was approved annually for 1:1 Technology in cash capital from the city beginning in FY25.

The OPEB Fund started in FY 2010. Prior to that time, the School Board shared a OPEB Fund with the City. The School Board agreed with the City to terminate that relationship and start an independent fund with the assets totaling \$1,587,570 the City returned from the joint fund. The fund receives insurance premium contributions from both the School Board (employer) and the plan members (retirees). In addition, the fund accumulates earnings from investments. The Fund pays premiums for health care insurance, dental insurance and life insurance for retirees.

Other Post-Employment Benefits consists of health insurance, dental insurance and life insurance for qualifying retired employees (principally those who work at least 15 years for the school division). The benefits began in the 1980s but were not formalized into policy until 1991. At that time retirees could qualify to stay on the employee health insurance plan at the same premium level and based on their unused sick leave at the time of retirement, receive a school division health insurance contribution of up to equal to an employee for the remainder of their lives (however, they would transfer over to a lower cost Medicare supplemental health insurance policy upon becoming Medicare-eligible rather than stay on the employee plan). Retirees also received a fully paid life insurance policy in force until their death. At the time of initial formalization, the OPEB plan consisted of relatively few retirees, but the number increased steadily each year to now exceed 1,700. The number of retirees is continuing to increase, but based on mortality rates should peak late this decade and then slowly decline due to significant OPEB benefit changes made in 2009 as discussed below.

Accounting changes which required the liability associated with these benefits to be included in financial statements led the School Board to make sweeping changes to the plan in 2009. New hires after July 1, 2009 will receive no OPEB benefits upon their retirement. Employees retiring before age 65 after June 30, 2011 pay a higher health insurance premium (phased in over five-years beginning on July 2, 2011) to now match the higher health care claims incurred by retirees (thus to eliminate what is called in technical terms the "implicit subsidy"). Other changes were made as well to reduce the liability for OPEB, including eliminating any employer subsidy for spouses or other dependents for those that retire after June 30, 2014. However, existing retirees at June 30, 2011 were exempt from any benefit changes in the plan; all of the OPEB reductions were made solely to existing and future employees.

OPEB Funding

The school division included in their budget from FY 2010 through FY 2017 funding beyond PAYGO, phased in (amounting to an additional \$2.1 million from FY 2015 through FY 2017). Additional funding stopped effective with the FY 2018 budget.

The OPEB liabilities reported in the ACFR (Annual Comprehensive Financial Report) for FY 2024 Actuals is \$73,874,948.00.

The Health Insurance Fund is not a formal fund maintained by the School Board. Rather this page is to document the premiums paid and claims against the self-insurance health fund administered by Optima. The School Board is self-insured up to \$250,000 per calendar year (CY) for each individual claim. Optima became the new plan administrator effective January 1, 2020 (taking over from Anthem) and insures claims above the self-insurance limits via re-insurance purchased by them and charged to the School Board. Interest was received on balances held by Anthem, which will now be held by Optima (amount of interest, if any, expected to minimal due to lowered interest rates).

Starting with the plan year January 1, 2015 through December 31, 2015 and continuing through the current plan year, employees were able to choose health coverage from one of three plan options. School Board contributions vary based on the level of coverage selected (employee only, employee + 1 dependent, employee + spouse, employee + children or employee + family). Employee contributions vary based on the health plan selected and level of coverage selected.

The School Board provides a comprehensive wellness plan for employees. Premium incentives for healthy activities and a healthy lifestyle are being included as well as establishing numerous school and site based wellness activities for employees. The wellness program is paid for by withdrawing funds from the fund balance. Plan year 2023 average 3% to employee premiums for an additional \$250,000. CY 2024 average 1.17% to employee premiums for an additional \$115,000. For CY 2025 the Wellness Program is monitored by the Health Plan Administrator.

Note: Final Required Local Effort is based on final March 31 ADM and the final per pupil amounts for each fiscal year.

¹ State funding for Textbooks is provided from the general fund in the SOQ Service Area; the Required Local Effort for Textbooks is also based on the payments from the SOQ Service Area.

² English Learner Teachers, Early Reading Intervention, and SOL Algebra Readiness are mandated as part of the Standards of Quality; therefore, local matching funds for these programs are included in school divisions' Required Local Effort. The Required Local Effort for these programs is based on the payments from the SOQ and Lottery Service Areas.

Composite Index - Measure of Local Wealth 2010-2026

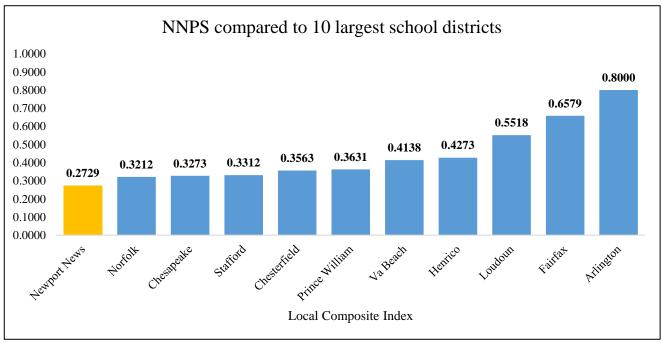

The "composite index of locality ability-to-pay" represents the portion of each dollar of minimum funding for education per state guidelines that the locality must provide. This percentage is based upon a complex formula that considers real property values, gross income, taxable retail sales, population and student enrollment. The lower the percentage, the greater the amount of state funding provided to the locality to support public education.

DATA SHOWN IN CHART

September 30 enrollment and March 31 average daily membership numbers are actual Virginia Department Of Education reported numbers and the highlighted numbers are projections.

DATA USED IN MAKING THE PROJECTIONS

This document describes the grade-progression ratio method used by Weldon Cooper Center demographers in developing standard five-year school enrollment projections.

INPUT DATA

School enrollment projections require the use of birth data and fall membership counts. Birth data are obtained from the Virginia Center for Health Statistics, reported by county. To ensure that the birth data have been assigned to the correct localities, Weldon Cooper Center demographers geocode the residence address of each birth mother and then assign each birth to the locality of residence.

The second element of input data—historical and current fall membership counts—are obtained from the school division or from the Virginia Department of Education.

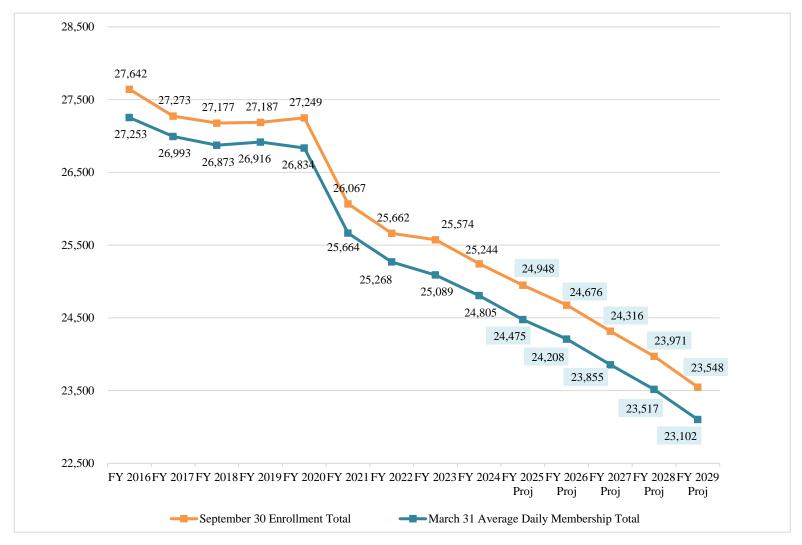

GRADE-PROGRESSION METHOD

The grade-progression ratio captures the school enrollment patterns of a cohort of children as they move forward in time and progress from grade to grade. Grade progression ratios provide detail of how many students advance into the next grade from the lower grade 1 year before and are determined by dividing the number of students in a particular grade by the number of students from the previous grade in the previous school year. For example, the 2nd grade/1st grade-progression ratio is found by dividing the current number of 2nd grade students by last year's number of 1st grade students. (In the case of kindergarten, the ratio is the actual enrollment in kindergarten divided by births five years prior). A ratio larger than 1 means there are additional students coming in to the school who were not enrolled in the previous grade. A ratio smaller than 1 means students may be transferring to private school or home school, dropping out, or families with school children are moving away from the community, among other reasons.

Because grade-specific progression ratios can fluctuate considerably from one year to another, it is important to generate and evaluate multiple sets of grade-progression ratios to minimize the "noise". The Weldon Cooper Center does this by creating three and five-year average ratios based on data from those most recent years, along with the single-year ratio of the latest year. All three grade-progression ratios are applied to the current school enrollment data to obtain forecasts for the following year, which then become the basis for projecting enrollment the year after. The projections based on single- and multiple-year grade progression ratios are compared, and the middle series is selected as most probable.

Newport News Public Schools K-12 Student Enrollment Trends

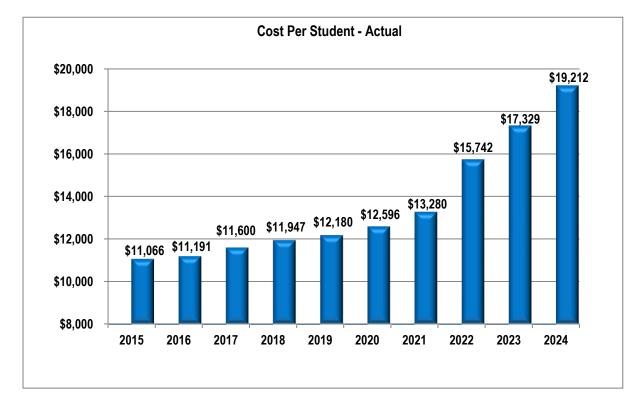

FY 2016-2029

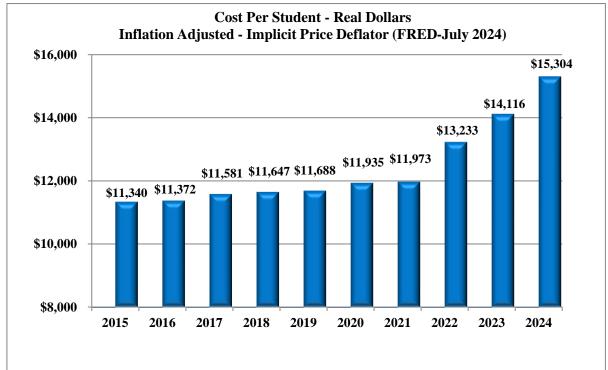

Newport News Public Schools has consistently retained about 98% of the Fall Enrollment number for March ADM. Due to the uncertainty of how the pandemic will impact future enrollment, it is projected that student enrollment loss may continue. Per Weldon Cooper, the main factor causing enrollment decline has been the steady decrease in the number of births in the city and region.

Since the 2014-2015 school year the number of students receiving services under the Individuals with Disabilities Education Act was steadily increasing, due in part to rapid growth in the disability category of Autism. Virginia is among the states that have seen the largest increase in population of students with Autism. The COVID 19 pandemic interrupted FY 2021 - FY 2023 enrollment, though NNPS has recently seen an increase in students going through the SPED eligibility process and can expect that students with signed IEP's will also increase.

Newport News Public Schools Pre-School September 30 Enrollment Trends FY 2016 - FY 2026

Loss of Pre-K student enrollment in FY 2021-2023 can be attributed to COVID 19. Parents are opting out of preschool since it is not required. For FY 2026, we are using the NNPS projection.

Child Nutrition Services Meals Served

Studies show that well-nourished students are better prepared to learn. Newport News Public Schools help provide a healthy environment through nutritious meals, healthy snacks, and opportunities for physical education and nutrition education. Beginning in the 2019-20 school year, all students are eligible to receive a healthy breakfast and lunch free each school day during the school year. The free meals are offered through the Community Eligibility Provision, which is available for select schools in the National School Breakfast and Lunch Program. FY 2021 was based on meal pickup at schools, churches and bus stops for students learning virtually. In FY 2022 schools opened and began serving breakfast and lunch on a normal schedule.

Regulations Establishing Standards for Accrediting Public Schools in Virginia

8VAC20-132-230. Administrative and support staff; staffing requirements.

A. Each school shall have, at a minimum, the staff as specified in the Standards of Quality with proper licenses and endorsements for the positions they hold.

B. The principal of each middle and secondary school shall be employed on a 12-month basis.

C. Each elementary, middle, and secondary school shall employ school counseling staff as prescribed by the Standards of Quality. School counseling shall be provided for students to ensure that a program of studies contributing to the student's academic achievement and meeting the graduation requirements specified in this chapter is being followed.

D. Each member of the school counseling staff in the counseling program for elementary, middle, and secondary schools shall spend at least 80% of the member's staff time during normal school hours in direct counseling of individual students or groups of students.

E. A middle school classroom teacher's standard load shall be based on teaching no more than the instructional day minus one planning period per day or the equivalent with no more than 150 students or 25 class periods per week. If a middle school classroom teacher teaches more than 150 students or 25 class periods per week, an appropriate contractual arrangement and compensation shall be provided.

F. The secondary classroom teacher's standard load shall be based on teaching no more than the instructional day minus one planning period per day or the equivalent with no more than 150 students or 25 class periods per week. If a secondary school classroom teacher teaches more than 150 students or 25 class periods per week, an appropriate contractual arrangement and compensation shall be provided.

G. Middle or secondary school teachers shall teach no more than 150 students per week; however, physical education and music teachers may teach 200 students per week. If a middle or secondary school physical education or music teacher teaches more than 200 students per week, an appropriate contractual arrangement and compensation shall be provided.

H. Each elementary classroom teacher shall be provided at least an average of 30 minutes per day during a student's school week as planning time. Each full-time middle and secondary classroom teacher shall be provided one planning period per day or the equivalent, as defined in 8VAC20-132-10, unencumbered of any teaching or supervisory duties.

I. Staff-student ratios in special education and career and technical education classrooms shall comply with regulations of the board.

J. Student support positions as defined in the Standards of Quality shall be available as necessary to promote academic achievement and to provide support services to the students in the school.

§ 22.1-253.13 of the Code of Virginia. Virginia Register Volume 41, Issue 1, eff. September 25, 2024.

K-3 Primary Class Size Reduction Program Projected Payments - State Share of Cost for Actual FY 2025 and Projected FY 2026 Payments Based on Governor's Introduced Amendments to the 2024-2026 Biennial Budget (HB1600/SB800)

State regulations § 22.1-253.13.2 require licensed instructional personnel be assigned to each school and that the ratio of students to teachers does not exceed the following:

| Kindergarten | 24:1 with no class being larger than 29 students (teacher assistant is required if ADM exceeds 24 students) |
|--------------|---|
| Grades 1 - 3 | 24:1 with no class larger than 30 students in ADM |
| Grades 4 - 6 | 25:1 with no class larger than 35 students in ADM |
| Grades 6-12 | 21:1 school-wide ratios of students in ADM; one planning period per day |
| | or the equivalent, unencumbered of any teaching or supervisory duties |
| | 24:1 in English class in ADM |

Additionally, the state provides generous incentives to localities which reduce class sizes in kindergarten through grade three (K-3). The target class size set by the State varies with the concentration of at-risk students as determined by a three-year average of free lunch students. The table below indicates the free lunch eligibility data prior to enrollment in the Community Eligibility Provision program, state target for pupil-teacher ratio, expected pupil-teacher ratio, and the largest permitted individual class size in the school.

| Elementary School | Lunch Eligibility Rate prior to Community Eligibility Provision | State Target for Pupil-Teacher Ratio | Largest Permitted Individual Class Size in the School | Funded Per Pupil Amount |

Glossary of Terms

Glossary of Terms

Appropriation – money set aside by a legislature for a specific purpose.

Average Daily Membership (**ADM**) – enrollment figure for grades K-12 used to distribute state per pupil funding. It includes students with disabilities ages 5-21 and students for whom English is a second language who entered school for the first time after reaching their 12th birthday and who have not reached their 22nd birthday. Preschool and post-graduate students are not included in ADM.

Balanced Budget – a budget for which the planned revenues and sources of funds are equal to or less than the planned expenditures for the same period.

Basis of Accounting – method of recognizing revenues and expenditures.

- Accrual Basis expenses are recognized in the period when the related revenue is recognized regardless of the time when cash is received.
- **Modified Accrual** revenues are recognized in the period in which they become measurable and available.
- **Cash Basis** revenues are recognized only when money is received, and expenses are recognized only when money is paid.

Basis of Budgeting – method used to determine when revenues and expenditures are recognized for budgetary purposes.

Budget Calendar – timeline and course of action related to budget development and adoption.

Capital Expenditures – tangible assets with a value greater than \$1,000 that are likely to remain for an extended period of time. Examples are equipment, building improvements, land, and vehicles. Desktop, laptop computers, and textbooks are capitalized regardless of value.

Categorical funding – provides for additional education programs that go beyond the Standards of Quality. These programs focus on particular needs of special populations or fulfill particular state obligations. State or federal statutes and regulations mandate much of this funding. Examples of categorical funding include:

• Adult Education – funds that provide adult education for persons who have academic or economic disadvantages, and who have limited English-speaking abilities. These funds pay for full-time and part-time teacher salaries and supplements to teacher salaries.

- Adult Literacy provide basic educational skills to adults who lack skills necessary for literate functioning.
- School Lunch state funds provided to school divisions in order to meet the maintenance of effort and match requirements for the federal funds received for the school lunch programs. The rate of reimbursement is determined by the number of reimbursable lunches served during the previous year.
- **Special Education Homebound** funds provided for the continuation of educational services for students who are temporarily confined to their homes for medical reasons. State funds reimburse school divisions for a portion of the hourly rate paid to teachers employed to provide homebound instruction to eligible children.
- Virtual Virginia a statewide delivery of credit courses and staff development program to address equity and educational disparity problems in schools across Virginia.
- **Special Education Jails** funds reimbursed to school divisions for the instructional costs of providing special education and related services to children with disabilities in regional or local jails.
- **Special Education State Operated Programs** education services provided for students placed in state-operated facilities. State statute requires the state to provide appropriate education to all children in state hospitals, clinics, detention homes, and the Woodrow Wilson Rehabilitation Center. Education services are provided through contracted services with local school divisions. Funded positions are based on caseloads. A funding amount per position (to cover both personal and non-personal costs) is applied to each position to determine the total amount of funding for each division that provides education services in state operated programs.

City – any independent incorporated community which became a city as provided by law before noon on the first day of July, nineteen hundred seventy-one, or which has within defined boundaries a population of 5,000 or more and which has become a city as provided by law.

Compensation Supplement – provides for the state's share of salary increases including related benefit costs to school division for instructional and support positions funded through the SOQ and other state-funded accounts.

Composite Index of Local Ability-to-Pay – the measure used to determine the state and local shares of education costs, and it is based on local sources of revenue. The composite index is expressed as a ratio, indicating the local percentage share of the cost of education programs.

Council – the governing body of a city or town.

Curriculum – a plan or document that a school or school system uses to define what a teacher will

teach and describes the methods that will be used to teach the students and assess their achievement.

Debt Service – the money that is required to cover the payment of interest and principal on a loan or other debt for a particular time period.

Direct aid to public education – funding appropriated for the operation of the Commonwealth's public schools - is generally divided among funding of the Standards of Quality, incentive-based programs, categorical payments, allotment of sales tax, and lottery revenues.

Economically Disadvantaged – Children living below 200% of poverty level and live in families that struggle to meet basic needs: food, housing, utilities, child care and transportation.

Fair Labor Standards Act (FLSA) - the federal law that establishes minimum wage, overtime pay, record keeping, and child labor standards affecting full-time and part-time workers.

Fiscal Year – begins for the school system on July 1 and ends on June 30 of the following year.

Full-Time Equivalent (FTE) – a unit that indicates the workload of an employed person.

File Transfer Protocol (FTP) – a standard communication protocol used for the transfer of computer files from a server to a client on a computer.

Funds – represents the highest level of financial information with a self-balancing set of accounts segregated into categories.

Fund Balance – excess of assets over liabilities in a particular fund.

Generally Accepted Accounting Principles – standard framework of guidelines for financial accounting and reporting.

Governing Body – the council of a city responsible for appropriating funds for such locality.

Governmental Funds – funds generally used to account for tax-supported activities.

Impact Aid – directly reimburse public school districts for the loss of traditional revenue sources due to a federal presence or federal activity to assist with the basic educational needs of its students.

Incentive-Based Programs – provide additional education funding that goes beyond the levels required to meet the Standards of Quality. The programs are voluntary but, in order to receive state funds, school divisions must certify that they will offer the program and provide a local match of funds for the program. Incentive-based programs include the following:

• Additional Instructional Positions – support additional instructional positions beyond those funded through the SOQ and K-3 Class Size Initiative to help restore past instructional position reductions.

- **Component Supplement (FY2018 only)** covers the state share of cost (including benefits) for a percentage-based salary increase for funded SOQ instructional positions.
- **Governor's Schools** give gifted and talented high school students an opportunity to study with fellow students of similar interest and abilities.
- **Special Education** Vocation Education support a variety of activities designed to strengthen the preparation of disabled students for entering the work place after completion of high school.
- **Breakfast After the Bell Initiative** provides funding to either, an elementary school breakfast pilot program available on a voluntary basis at elementary schools where student eligibility for free or reduced lunch exceeds 45% for the participating school; or to provide additional reimbursement for eligible meals served in the current tradition breakfast program at all grade levels in any participating school that meets the established criteria.
- School Security Equipment Grant help offset the local costs associated with the purchase of appropriate security equipment that will improve and help ensure the safety of students attending public schools in Virginia.
- **Composite Index Hold Harmless** relief to school divisions whose total state revenues decreased, as compared to HB/SB 30, as a result of funding the 2010-12 composite index in fiscal years 2011 and 2012. Payments for this program will total 100% of the amount of state revenues lost in FY 2011 and 50% of the amount of state revenues lost in FY 2012.
- Supplemental Support for School Operating Costs These funds represent a one-time supplemental payment and must be used by school divisions solely for operational educational purposes based on the state's share of \$129.62 per pupil. These funds may not be used for capital expenditures.
- VPSA Technology provides grant funding for school divisions to purchase additional technology to support the SOL Technology Initiative. Eligible schools include those reporting membership as of September 30th, as well as district and regional centers including vocational centers, special education centers, alternative education centers, academic year Governor's Schools, and the Schools for the Deaf and Blind.

Indirect Costs - include expenses of doing business that are not readily identified with a particular activity but are necessary for the general operation of the organization and the conduct of activities it performs.

Individualized Education Program (IEP) – a written statement for a child with a disability that is developed, reviewed, and revised in a team meeting in accordance with the Regulations Governing Special Education Programs for Children with Disabilities in Virginia. The IEP specifies the individual educational needs of the child and what special education and related services are necessary to meet the needs.

Individuals with Disabilities Education Act (IDEA) – The law pledged the availability of federal funding for states to provide a "free and appropriate public education" for every school-age child with a disability. Renamed the Individuals with Disabilities Education Act in 1990, and reauthorized in 1997, the act emphasizes quality teaching, learning, and the establishment of high expectations for disabled children.

Linear Tape-Open (LTO) – a magnetic tape data storage technology used for backup, data archiving, and data transfer.

Lottery Funded Programs – lottery proceeds allocated directly to school divisions to fund the state share of cost for the following programs:

- Additional Support for School Construction and Operating Costs balance of the Lottery
 proceeds allocated directly to school divisions on a per pupil basis once the following
 accounts are funded: Remedial Summer School, Foster Care, Enrollment Loss, At-Risk,
 Virginia Preschool Initiative, Early Reading Intervention, Mentor Teacher, K-C Primary
 Class Size, School Breakfast, and SOL Algebra Readiness.
- Alternative Education provided for educating certain expelled students and, as appropriate, students who received long-term suspensions from public schools, and students returned to the community from the Department of Youth and Family Services.
- At-Risk provides services for school-aged individual who is at-risk of academic failure, is at least one year behind the expected grade level for the age of the individual, has limited English proficiency, has dropped out of school in the past, or has a high absenteeism rate at school. State payments for at-risk students are disbursed to school divisions based on the estimated number of federal free lunch participants in each division to support programs for students who are educationally at-risk. Funding is provided as a percentage add-on to Basic Aid to support the additional costs of educating at-risk students.
- Enrollment Loss funding provided to school divisions to offset some of the loss of funds due to declining enrollment from one year to the next. Current and prior year adjusted average daily membership is used to calculate declining enrollment.
- Individual Student Alternative Education Plan (ISAEP) designed for those students' ages 16 to 18 and enrolled in high school programs that are having difficulty finding success in a regular classroom environment. This plan may be developed when a student demonstrates substantial need for an alternative program, meets enrollment criteria, and demonstrates an ability to benefit from the program. The need is determined by a student's risk of dropping-out of school.
- **Career and Technical Education** programs for regional vocational, special, and alternative education programs and Academic Year Governor's Schools.

- Early Reading Intervention designed to reduce the number of students needing remedial reading services. Program funds are used by local school divisions for: special reading teachers; trained aides; volunteer tutors under the supervision of a certified teacher; computer-based reading tutorial programs; aides to instruct in class groups while the teacher provides direct instruction to the students who need extra assistance; or extended instructional time in the school day or year for these students.
- English As A Second Language (ESL) state funds provided to support local school divisions providing the necessary educational services to children not having English as their primary language. The funding supports the salary and benefits cost of instructional positions at a standard of 17 positions per 1,000 ESL students.
- Foster Care provides reimbursement to localities for educating students in foster care that are
 not residents of their school district. State funds are provided for prior year local operations
 costs for each pupil not a resident of the school division providing his education if the
 student has been placed in foster care or other custodial care within the geographical
 boundaries of such school division by a Virginia agency, whether state or local, which is
 authorized under the laws of the Commonwealth to place children. Funds also cover
 children who have been placed in an orphanage or children's home which exercises legal
 guardianship rights, or who is a resident of Virginia and has been placed, not solely for
 school purposes, in a child-caring institution or group home. Funds are also provided to
 support handicapped children attending public school who have been placed in foster care or
 other such custodial care across jurisdictional lines.
- K-3 Primary Class Size Program provides funds to school divisions as an incentive payment for reducing class sizes in grades Kindergarten through three below the required SOQ standard of a 24:1 pupil-teacher ratio. Payments are based on the incremental cost of providing the smaller class sizes based on the lower of the statewide average per pupil cost of all divisions or the actual division per pupil cost. Schools with free lunch eligibility percentages of 16 percent and greater are eligible for funding. The required ratios range from 20:1 and may go as low as 14:1 based on the free lunch eligibility rate of the eligible school.
- **Mentor Teacher Program** provides funds to assist and support teachers entering the profession and improved the performance of experience teachers who are not performing at an acceptable level.
- School Breakfast Program funding that provides an incentive to increase student participation in the school breakfast program and to leverage increased federal funding resulting from higher participation. This state reimbursement program provides up to a \$0.20 per meal reimbursement to school divisions that increase the number of breakfasts served to students.
- SOL Algebra Readiness provides funds for an intervention program to students who are identified as needing additional instruction. Funding is based on the estimated number of 7th and 8th grade students who are at-risk of failing the Algebra I end-of-course. This number is

approximated based on the free lunch eligibility percentage for the school division.

- **Special Education Regional Tuition** provides for students with low-incidence disabilities that can be served more appropriately and less expensively in a regional program than in more restrictive settings. A joint or a single school division operates regional special education programs. These programs accept eligible children with disabilities from other local school divisions. All reimbursement is in lieu of the per pupil basic operation cost and other state aid otherwise available.
- Virginia Preschool Initiative provides funding for unserved, at-risk four-year-old children, which include quality preschool education, health services, social services, parental involvement, and pupil transportation. Programs must provide full-day or half-day and, at least, school-year services. Educational services may be delivered by both public and private providers.

Member of the Council – a member of the governing body of a city or town.

Multi-year Fund – a fund that is effective for or takes places over more than one year, for which revenue may be received in one year and expended over multiple subsequent years. Revenues and expenditures may not match due to the use of fund balances for these funds.

Object Codes (Object of Expenditures) – a classification that distinguishes the type of product or service for which expenditure is made.

- **Personnel Costs** includes all payments made to employees for personal services. Salaries and wages paid to employees for full- and part-time work, including overtime and similar compensation.
- **Benefits** job-related benefits provided to employees as part of their total compensation. It includes the employer's portion of FICA, pensions, insurance (life, health, disability income, etc.) and employee allowances.
- Non-Personnel Expenditures
 - o **Contract Services** payments for services acquired from outside sources such as consultants, software maintenance services, temporary services, and repairs and maintenance.
 - o **Internal Services** charges from internal services, such as transportation, mail, and print services.
 - o **Other Charges** include expenditures that support the use of programs such as utilities, insurance, leases and rentals, professional development, dues and memberships to organizations, and other miscellaneous expenses.

- o **Materials and Supplies** include office supplies, food supplies, uniforms, educational materials, textbooks, and technology software.
- Tuition Payments to Joint Operations include payments made to New Horizon in support of gifted, vocational, and special education programs provided to students and to Southeastern Cooperative Education Programs for students at St. Mary's Home for Disabled Children and Lake Taylor Transitional Hospital in Norfolk.
- o **Capital Outlay** expenditures that result in the acquisition of or additions to fixed assets.

Operating Fund – School Board funds derived from state, city, federal and local sources.

Required Local Effort – local funds appropriated to maintain the locality's share of the SOQ.

School Board – governs a school division.

School Construction Grant – funding to school divisions for nonrecurring expenditures, including: school construction, additions, infrastructure, site acquisition, renovations, technology, and other expenditures related to modernizing classroom equipment, payments to escrow accounts, school safety equipment or renovations, and debt service payments on school projects completed during the last ten years.

Standards of Accreditation (SOA) – the Board of Education's regulations that establish criteria for approving public schools in Virginia as authorized in the SOQ (§22.1-253.13.2:3 of the Code of Virginia).

Standards of Learning (SOL) – the minimum grade level and subject matter educational objectives that students are expected to meet in Virginia public schools. The educational objectives describe the knowledge and skills "necessary for success in school and for preparation for life" as specified by the §22.1-253.13.2:1 of the Code of Virginia.

Standards of Quality (SOQ) – prescribe the minimum educational foundations in K-12 that all public schools in Virginia are required to offer.

- **Basic Aid** includes funding for the basic instructional positions derived from minimum student to teacher ratios required by the Standards of Quality (SOQ) [see §22.1-253.13.2:2, Code of Virginia] for each school division with a minimum ratio of 51 instructional personnel for each 1,000 pupils; and all other personnel and non-personnel support costs funded through the SOQ.
- Vocational Education state funds provided to support career and technical education courses for students in grades 6-12. The funding supports the salary cost of instructional positions based on the class size maximums established by the Board of Education [see 8VAC20-120-150].

- **Gifted Education** supports the state share of one full-time equivalent instructional position per 1,000 students in adjusted ADM.
- **Group Life** supports the state share of cost of employer contributions to the Virginia Retirement System (VRS) for Group Life benefits for funded SOQ instructional positions.
- **Prevention, Intervention, and Remediation** provides remedial services to children who need additional instruction. Funding is disbursed to local school divisions to support the state share of additional professional instructional positions ranging from a pupil teacher ratio of 10:1 to 18:1 based on the division- level failure rate on the SOL English and math tests for all students at risk of educational failure (the three- year average free lunch eligibility data is used as a proxy for at risk students).
- Sales Tax a portion of net revenue from the state sales and use tax dedicated to public education in support of the Standards of Quality. The distributions are based on each locality's pro-rata share of school age population as based on the 2005 triennial Census count of school aged population for FY 2009 and the 2008 triennial Census count of school aged population for FY 2010.
- Social Security supports the state share of cost of the employer share of Social Security costs for funded SOQ instructional positions.
- **Special Education** provides for the state share of salary costs of instructional positions generated based on the staffing standards for special education. Each special education student is counted in their respective school and up to three disabilities per student may be recognized for calculating instructional positions for funding.
- **Textbooks** state funding provided on a per pupil basis based on the statewide prevailing per pupil cost of textbooks incurred by school divisions. State law requires that students attending public schools receive free textbooks.
- VRS Retirement supports the state share of cost of employer contributions to VRS for retirement benefits for funded SOQ instructional positions.
- **Remedial Summer School** funds that provide additional education opportunities for at-risk students. These funds are available to school divisions for the operation of programs designed to remediate students who are required to attend such programs during a summer school session, or during an intersession in the case of year-round schools.
