

NNPS has partnered with **240 Tutoring** to provide free and discounted rates to NNPS employees.

To reduce barriers and increase the number of eligible teachers, we will offer assistance for Praxis assessments. **240 Tutoring** equips teachers with quality, comprehensive study resources and test simulations. We want to get teachers certified — so they can get in the classroom and reach their full potential as educators. We will be implementing a tiered approach to provide this resource for free:

- **Tier One** — Those who need the Praxis to obtain their full 10-year renewable licensure by June 2023.
- **Tier Two** — Those who need the Praxis to obtain a provisional license by June 2023.
- **Tier Three** — Those who are current employees seeking to obtain licensure for the 2023-2024 school year.

Also, because we are partnering with **240 Tutoring**, if our employees do not meet the criteria above, they are eligible for a discounted rate.

240 Tutoring is a company that provides study preparation materials for certain Praxis teaching licensure exams. Once enrolled with **240 Tutoring**, you have immediate access to all the resource materials. You will read the instructional content, use the flashcards, and answer the authentic practice questions right through the website. There is a Diagnostic Assessment – it’s like a full-length practice test - that you can take whenever you want to help you identify your weakest areas (so you can study those first). At the end, there is a full-length, authentic, timed practice test. Spending 20-30 minutes a day prior could make all the difference in the world. When you pass the practice test, you will feel confident that you are ready for the Praxis.

Virginia Licensure Tests Offered by 240 Tutoring
