

Job Description

Job Title: Executive Director of Plant Services

Supervisor: Assistant Superintendent
Business and Support Services

Position Code: 1E26

Pay Grade: 52

Job Classification: Exempt

Contract Length: 245 Days

Job Summary:

Position is responsible for managing the maintenance, repair, improvement, and construction of all school division facilities in accordance with state and federal regulations and school division policies and procedures. Position provides supervisory oversight for the overall operations of the paint, plumbing, electrical, HVAC, maintenance, and carpentry shops. Position contracts for needed services and equipment, and prepares and monitors a plant services budget.

Essential Duties

1. Assumes responsibility for the comprehensive overall planning and scheduling of building maintenance, repair, improvement, and construction activities for all school division facilities.
2. Prepares and manages an annual plant services budget.
3. Recommends and implements system wide building procedural issues to include fire alarms, HVAC, and general safety concerns.
4. Develops system wide response and compliance with governmental regulatory requirements to include radon, lead, asbestos, OSHA, water control board, EPA, and ADA.
5. Inspects school division facilities, troubleshoots building problems, and recommends plant services projects and initiatives to be implemented.
6. Confers with principals and other managers to develop plant services projects in their building or department.
7. Reviews and approves routine and emergency work order requests and plant services projects and procures necessary services and supplies.
8. Prioritizes maintenance and repair projects and resolves scheduling conflicts.
9. Recommends funding decisions and determines whether to utilize outside or in-house resources for completion of work.
10. Supervises school system construction contract administration.
11. Prepares specifications for completion and implements plant services initiatives, projects, and work orders.
12. Supervises plant services personnel in the completion of work orders and special projects and inspects completed work to ensure that high standards of workmanship and safety are maintained.
13. Works with the personnel department concerning plant service's personnel issues, to include employment and assignment activities.
14. Manages and maintains records on the value of work performed, individual productivity statistics, and shop manpower utilization.
15. Manages and reviews service contracts, HVAC, utilities and energy management systems.
16. Develops a system for ensuring timely responses to after hour emergency maintenance needs.
17. Acts as a liaison with various city support departments in accomplishing plant services projects and ensuring compliance with regulations.
18. Ensures a timely response to inquiries from the public, contractors, school administration personnel, and governmental agencies regarding plant services.
19. Maintains necessary records related to plant services initiatives.
20. Performs other duties as assigned.
21. Models nondiscriminatory practices in all activities.

(These are intended only as illustrations of the various types of work performed. The omission of specific duties does not exclude them from the position if the work is similar, related, or a logical assignment to the position.)

Other Duties

1. Stays informed of new technologies and trends in facilities engineering.

2. Performs any other related duties as assigned by the Assistant Superintendent of Business and Support Services or other appropriate administrator.
