ASSESSMENT REQUIREMENTS FOR VIRGINIA LICENSURE

To review the requirements for licensure, please refer to the [Licensure Regulations for School Personnel](#). Please read the information carefully to determine the assessment(s) you may need for an initial Virginia license, an endorsement in Mathematics – Algebra I, an endorsement as a Reading Specialist, or the Administration and Supervision endorsement.

Introduction

Pursuant to the *Licensure Regulations for School Personnel*, all candidates who hold at least a baccalaureate degree from an accredited college or university and who seek an initial Virginia teaching license must obtain passing scores on professional teacher's assessments prescribed by the Board of Education [Refer to “Reciprocity – Individuals Who Hold Active Out-of-State Licenses with Full Credentials and Without Deficiencies,” page 1]. With the exception of the career switcher program and the experiential learning alternate route that requires assessments as prerequisites, individuals must complete the professional teacher’s assessments within the three-year validity of the initial provisional license. Candidates seeking a Technical Professional License, International Educator License, School Manager License, or the Pupil Personnel Services License are not required to take the professional teacher's assessments.

The Virginia Board of Education also has approved assessments for individuals seeking the Mathematics – Algebra I (add-on) endorsement, the Reading Specialist endorsement and the Administration and Supervision preK-12 endorsement.

An individual who holds an active teaching license may add an additional teaching endorsement to the license by passing a rigorous academic subject test prescribed by the Board of Education. This testing option does not apply to individuals who are seeking an Early/Primary preK-3 or Elementary Education preK-6 endorsement or who hold a Technical Professional License, Vocational Evaluator License, Pupil Personnel Services License, School Manager License, International Educator License, or Division Superintendent License. Individuals may not add an endorsement in special education through testing. Also, endorsements in Administration and Supervision preK-12 and Reading Specialist cannot be added by testing. If the individual holds a provisional license, the Praxis Subject Assessment for his or her original endorsement must be completed before additional endorsements can be added through testing; however, please note that only endorsements in special education are allowed on a provisional special education license.

Please review the *Licensure Regulations for School Personnel* that further detail assessment requirements.

Reciprocity [Individuals Who Hold Active Out-of-State Licenses with Full Credentials and Without Deficiencies]

Licensure by reciprocity is provided for individuals who have obtained a valid out-of-state license, with full credentials and without deficiencies, that is in force at the time the application for a Virginia license is received by the Department of Education. No service requirements or licensing assessments shall be required for any such individual.

[Please note that the current out-of-state license (full credential and without deficiencies) must be submitted with the other required application documents when applying for reciprocity.]

Assessments

On April 8, 2024, the Governor of Virginia approved House Bill 731, which eliminates the Virginia Communication and Literacy Assessment (VCLA) as a requirement for initial licensure. This assessment requirement remains in effect through June 30, 2024. Effective July 1, 2024, individuals will no longer be required to pass the VCLA as a requirement for initial licensure.

After June 30, 2024, individuals who have been cited for the VCLA, and who have completed all other initial licensure requirements, may submit a request to update their evaluation and be issued a full, renewable license. Individuals who are employed in a Virginia educational agency should work directly with their employing agency's human resources or licensure representative in submitting this request.

PRAXIS SUBJECT ASSESSMENTS

The following initial licensure tests are prescribed by the Board of Education. Individuals are required to satisfy the Subject Area test(s) requirement for only one endorsement area, but it must match an endorsement area in which the initial licensure is granted. For information regarding registration, test administration, fees, the policy for testing individuals with disabilities, etc., please refer to the [ETS website](#), or contact the Educational Testing Service (ETS) at 1-800-772-9476 or 609-771-7395 for THE PRAXIS SERIES Registration Bulletin or write to THE PRAXIS SERIES, ETS, PO Box 6051, Princeton, NJ 08541-6051.
