A Contract modification will not be made for the purpose of providing reimbursement by NNPS for interest charges owed by Contractor. A cost reimbursement claim to NNPS shall not include any amounts for reimbursement of interest charges owed by Contractor.

However, the Contractor may request that no further payments be made until the updated EFT information is implemented by Accounting. If such suspension would result in a late payment under the prompt payment terms of this contract, the Contractor's request for suspension shall extend the due date for payment by the number of days of the suspension.

Liability for uncompleted or erroneous transfers.

If an uncompleted or erroneous transfer occurs because NNPS used the Contractor's EFT information incorrectly, NNPS remains responsible for—

Liability for change of EFT information by financial agent. NNPS is not liable for errors resulting from changes to EFT information provided by the Contractor's financial agent.

Payment information. Accounting shall forward to the Contractor available payment information that is suitable for transmission as of the date of release of the EFT instruction to the Federal Reserve System. NNPS may request the Contractor to designate a desired format and method(s) for delivery of payment information from a list of formats and methods Accounting is capable of executing. However, NNPS does not guarantee that any particular format or method of delivery is available and retains the latitude to use the format and delivery method most convenient to NNPS. H. Data Security Clauses

1. Network Security. Vendor agrees at all times to maintain network security that at a minimum includes:

network firewall provisioning, intrusion detection, and regular (three or more annually) third party vulnerability assessments. Likewise, Vendor agrees to maintain network security that conforms to generally recognized industry standards.

2. **Data Security.** Vendor agrees to preserve the confidentiality, integrity and accessibility of NNPS data with administrative, technical and physical measures that conform to generally recognized industry standards (see “11. Industry Standards”) and best practices that Vendor then applies to its own processing environment. Maintenance of a secure processing environment includes but is not limited to the timely application of patches, fixes and updates to operating systems and applications as provided by vendor or open source support.
3. **Data Storage.** Vendor agrees that any and all NNPS data will be stored, processed, and maintained solely on designated target servers and that no NNPS data at any time will be processed on or transferred to any portable or laptop computing device or any portable storage medium, unless that device or storage medium is in use as part of the Vendor's designated backup and recovery processes and encrypted in accordance with “5. Data Encryption”.
4. **Data Transmission.** Vendor agrees that any and all electronic transmission or exchange of system and application data with NNPS and/or any other parties expressly designated by NNPS shall take place via secure means (using HTTPS or SFTP or equivalent) and solely in accordance with “7. Data Re-Use”.
5. **Data Encryption.** Vendor agrees to store all NNPS backup data as part of its designated backup and recovery processes in encrypted form, using a commercially supported encryption solution. Vendor further agrees that any and all NNPS data defined as personally identifiable information under current legislation or regulations stored on any portable or laptop computing device or any portable storage medium be likewise encrypted. Encryption solutions will be deployed with no less than a 128-bit key for symmetric encryption and a 1024 (or larger) bit key length for asymmetric encryption.
6. **Data Re-Use.** Vendor agrees that any and all data exchanged shall be used expressly and solely for the purposes enumerated in the Current Agreement and this Addendum. Data shall not be distributed, repurposed or shared across other applications, environments, or business units of Vendor. Vendor further agrees that no NNPS data of any kind shall be transmitted, exchanged or otherwise passed to other vendors or interested parties except on a case-by-case basis as specifically agreed to in writing by Newport News Public Schools.
7. **End of Agreement Data Handling.** Vendor agrees that upon termination of this Agreement it shall erase, destroy, and render unrecoverable all NNPS data and certify in writing that these actions have been completed within 30 days of the termination of this Agreement or within 7 days of the request of an agent of NNPS, whichever shall come first. At a minimum, a “Clear” media sanitization is to be performed according to the standards enumerated by the National Institute of Standards, Guidelines for Media Sanitization, SP800-88, Appendix A -see <http://csrc.nist.gov/>.
8. **Security Breach Notification.** Vendor agrees to comply with all applicable laws that require the notification of individuals in the event of unauthorized release of personally identifiable information or other event requiring notification. In the event of a breach of any of Vendor’s security obligations, or other event requiring notification under applicable law, Vendor agrees to:
 - a. Notify NNPS by telephone and e-mail of such an event within 24 hours of discovery, and;
 - b. Assume responsibility for informing all such individuals in accordance with applicable law, and;
 - c. Indemnify, hold harmless and defend NNPS and its trustees, officers, and employees from and against any claims, damages, or other harm related to such Notification Event.
9. **Right to Audit.** Newport News Public Schools or an appointed audit firm (Auditors) has the right to audit the Vendor and the Vendor’s sub-vendors or affiliates that provide a service for the processing, transport or storage of Newport News Public Schools’ data. Newport News Public Schools will

announce their intent to audit the Vendor by providing at a minimum two weeks (10 business days) notice to the Vendor. This notice will go to the Vendor that this contract is executed with. A scope document along with a request for deliverables will be provided at the time of notification of an audit. If the documentation requested cannot be removed from the Vendor's premises, the Vendor will allow the Auditors access to their site. Where necessary, the Vendor will provide a personal site guide for the Auditors while on site. The Vendor will provide a private accommodation on site for data analysis and meetings; the accommodation will allow for a reasonable workspace, with appropriate lighting, electrical, a printer and Internet connectivity. The Vendor will make necessary employees or contractors available for interviews in person or on the phone during the time frame of the audit. In lieu of NNPS or its appointed audit firm performing their own audit, if the Vendor has an external audit firm that performs a certified SSAE16 SOC Type II review, NNPS has the right to review the controls tested as well as the results, and has the right to request additional controls to be added to the certified SSAE16 SOC Type II review for testing the controls that have an impact on NNPS data. Audits will be at Newport News Public Schools's sole expense, except where the audit reveals material noncompliance with contract specifications, in which case the cost will be borne by the vendor.

In the event any third party shall claim that the manufacture, use and sales of the goods supplied under this contract constitute an infringement of any copyright, trademark, or patent, the Successful Offeror shall indemnify NNPS and hold NNPS harmless from any cost, expense, damage or loss incurred in any manner by NNPS on account of any such alleged or actual infringement.
