

NNPS CTE

An industry certification is a credential recognized by business and industry at the local, state or national level. It is an assessment, exam or a license that is administered and recognized by an industry third-party or governing board. Industry certifications measure student competency in an occupation/technical skill.

NNPS offers the attached industry certifications by course.
The testing window for industry certification is also attached

Refer to the VDOE CTE website regarding additional information regarding industry certifications:
